THERE'S PANOPEPTON

That's Always Equal
To The Occasion!

PANOPEPTON is beef and wheat elaborated by an artificial application of the natural digestive principles into a form ready for absorption. It is the very essence of the foods from which it is made, the real substance freed only from innutritious and indigestible matter.

PANOPEPTON imparts the substance as well as "the strength" of a true food; it gives new life and fortifies against reaction.

PANOPEPTON is compatible with all medicinal treatment; is agreeable in the extreme; spares the patient the effort of digestion; satisfies every need for nutrition.

PANOPEPTON IS FOUND EQUAL TO THE
OCCASION IN THE EXIGENCY AND THE EMERGENCY
THAT CALLS FOR A REVIVING, RESTORING AND SUSTAINING FOOD.
