Mercantile Summary.

J. C. BOND, of whose arrest for the forgery of a mortgage we have already given particulars, was sentenced a few days since at the York Assizes to imprisonment in the Penitentiary for two years.

THE opening of the Port Dover and Lake Huron Railway, the Thomson & Williams Manufacturing Company's works, and the Stratford Gas Works, was celebrated in Stratford on the third inst., with a spirit that reflected credit upon that enterprising town.

THE extent of the traffic on the Intercolonial Railway in the article of frozen fresh fish for the United States market is as gratifying as it was unexpected. In one week over a hundred and fourteen thousand pounds were transported to St. John from the Bathurst and Miramichi regions of New Brunswick.

WATERDOWN, near Hamilton, is to have a match factory. A joint stock company is to furnish the capital. Possibly this enterprise is stimulated by the long stoppage of Eddy's factory at Hull, which has capacity enough to supply the Dominion with matches, such as they are. The new company will perhaps however, give its attention to producing matches of a better class than has been formerly manufactured in this country. And there is room for such an improvement.
