MGI Packers Inc. of Kitchener, Ont. has been successfully selling commercial to high grade beef and offal to Malaysia, Indonesia, Singapore and Japan for the last four to five years. It is also looking to expand into Korea and Taiwan. "Each country has different palates and demands to which we try to cater," says Export Manager Peter Spurgeon. One way is by offering Halal beef - certified to some of these countries with large Muslim populations. MGI deals closely with the Canada Beef Export Federation and works with the Canadian Embassies which, according to Spurgeon, are of great benefit to his company. "Our marketing and sales operations have to be very efficient because the competition is fierce," Spurgeon admits. For more information on the rapidly expanding, 170-strong company, contact Peter Spurgeon, Export Manager. Tel.: (519) 744-7142. Fax: (519) 744-5533.
