

(b) Licences or sublicences under patents or licences owned by such persons shall be granted only with the consent of, and under terms and conditions to be specified by, those persons.

ARTICLE V

1. The Contracting Parties shall to such extent as is practicable provide technical advice to each other or to persons within the Community or under the jurisdiction of the Government of Canada, by the secondment of experts or in such other ways as may be agreed.

2. Each Contracting Party shall, wherever possible, provide in its own schools or facilities, and assist in obtaining elsewhere in Canada or within the Community, training in subjects relevant to the peaceful uses of atomic energy for students and trainees recommended by the other.

ARTICLE VI

The Contracting Parties agree that with the general or specific authorization of the Government of Canada or, when required by the Treaty establishing the European Atomic Energy Community (Euratom), of the Commission, source material and special nuclear material may be supplied or received under this Agreement on commercial terms or as otherwise agreed, by the Governmental enterprises of Canada, by the Supply Agency of the Community, or by persons under the jurisdiction of the Government of Canada or within the Community.

ARTICLE VII

The Contracting Parties shall, to such extent as is practicable, assist persons within the Community or under the jurisdiction of the Government of Canada in obtaining research and power reactors and in obtaining assistance in the design, construction and operation of such reactors.

ARTICLE VIII

The Contracting Parties shall, to such extent as is practicable, assist each other in the procurement, by either Contracting Party or by persons within the Community or under the jurisdiction of the Government of Canada, of material, equipment and other requisites for atomic energy research, development and production within the Community or in Canada.

ARTICLE IX

1. The Government of Canada and the Community each undertakes that material or equipment obtained pursuant to the present Agreement, and source material or special nuclear material derived from the use of any material or equipment so obtained, shall be employed solely for the promotion and development of the peaceful uses of atomic energy and not for any military purpose; and that to this end no material or equipment obtained pursuant to the present Agreement, or source or special nuclear material derived from the use of any
