

Chart 9 illustrates the breakdown of the workforce by occupational group and employment status:

- Indeterminate employees are more numerous in the AS (1,073 or 25.8%) and FS (974 or 23.4%) groups.
- Term employees and those with an "other status" are more numerous in the AS (53 or 25.4% and 43 or 23.1% respectively) and CR (46 or 22% and 25 or 13.4% respectively) groups.
- Employees with "other status," namely students and casuals, are to be found in all occupational groups, except for EL and FI.
