| 5.00                 | 990 to 1000       |

Legislation in force in all provinces provides compensation for personal injury suffered by workmen as a result of industrial accidents. In general, these provisions are administered by a board or commission which operates under the provisions of the law. The industry, through its representatives, is consulted in the preparation of the law and the industry, through its representatives, is consulted in the preparation of the law and the industry, through its representatives, is consulted in the preparation of the law.

A government-subsidized hospital insurance plan is in operation in each of the ten provinces. The plan provides for the payment of hospital expenses for patients who are admitted to a hospital. The plan is administered by the provincial government. The plan provides for the payment of hospital expenses for patients who are admitted to a hospital. The plan is administered by the provincial government. The plan provides for the payment of hospital expenses for patients who are admitted to a hospital. The plan is administered by the provincial government.
