

*Urine, contd.*

- nucleo-protoid in (see Nucleo-protoid in Urine) .. 615
- offensive in bacilluria .. 625
- opalescence in pyelitis .. 625
- and turbidity of in renal tuberculous .. 626
- overflow incontinence of, in retroverted gravid uterus .. 759
- oxalate deposit in .. 470
- oxybutyric acid in .. 4, 292
- pale in renal tuberculous .. 626
- pancreatic reaction in, in affection of the pancreas .. 486
- pentose in .. 290
- phosphates in (see Phosphaturia)
- powdered wig deposit of oxalates in .. 470
- pus in (see Pyuria)
- reaction of, in bacterial infections .. 83
- - haematuria .. 503
- - with uric acid deposit .. 816
- per rectum, from ulceration of new growth .. 632
- reducing bodies, other than glucose, in .. 290
- renal cells in, in bacilluria .. 615
- retention of (and see Micturition) 45, 207, 410, 631, 699
- - in acute prostatitis .. 207, 631
- - with bladder tumour .. 311
- - causes of .. 410
- - chronic cystitis from .. 627, 628
- - differentiation from anuria .. 45, 410
- - dribbling per urethram in .. 410
- - in general peritonitis .. 641
- - hysterical .. 411
- - in impacted urethral calculus .. 313
- - causes of .. 410, 411
- - operations .. 41
- - and stranguy in .. 410
- - from paralysis of detrusor .. 413
- - primary lateral sclerosis .. 567
- - prostatic abscess .. 207, 631
- - enlargement .. 419
- - prostatitis .. 631
- - retroverted gravid uterus .. 759
- - typhus fever .. 29
- - urethral calculus .. 313, 411
- - stricture .. 410
- - urethritis .. 207
- - vesical irritability .. 413
- - scanty and high-coloured in active congestion of liver .. 351
- - specific gravity in acute nephritis .. 12, 13
- - - chronic nephritis .. 15
- - - diabetes insipidus .. 581
- - - mellitus .. 581
- - - high in cirrhosis .. 416
- - - lardaceous disease .. 10
- - - low in amyloid disease .. 197
- - - polycystic disease of kidneys .. 396
- - - in pyelitis .. 625
- - - renal tuberculous .. 626
- - - in mitral regurgitation .. 210
- - spermatozoa in, from bladder irritation in oxaluria .. 471
- - spontaneous coagulation in chyluria .. 126
- - stream feeble in urethral stricture .. 511
- - sudden stoppage in flow .. 439
- - - from impaction of calculus in urethra .. 511
- - - with vesical calculus .. 312
- - sugar in (see Glycosuria)
- - sulphuretted hydrogen in .. 187
- - suppression of (see Anuria)

*Urine, contd.*

- sweetbriar odour of .. 187
- tests applied to (see Tests)
- tube-casts in (see Casts)
- tubercle bacilli in (and see Bacillus Tuberculosis) .. 310
- - - in renal tuberculous .. 391, 515, 626
- - - vesical tuberculous .. 312, 513, 628
- - turbid from phosphates .. 208
- - causes of .. 82
- - twisted stream of, little significance of .. 438
- - urates in (see Urates)
- - uric acid in (see Uric acid)
- - per vaginam .. 313
- - vesical cellular elements without casts in, in cystitis .. 628
- - white deposits in, oxalates .. 470
- - worm-like clots in, in kidney tumours .. 307
- Urobilin, presence in normal faeces .. 818
- - spectroscopic band of (Fig. 23) .. 35, 361, 818
- - traces in normal urine .. 818
- Urobilinuria, causes of .. 818
- - in cholangitis .. 116
- - cirrhosis of the liver .. 818
- - colour in .. 818
- - from excessive bacterial action in the intestines .. 818
- - in intestinal affections .. 818
- - liver diseases .. 818
- - pancreatitis .. 116
- - pernicious anaemia .. 303, 361, 818
- - Froehner, causing brown coloration of uric acid crystals .. 816
- - normal urine colour due to .. 818
- Uroerythrin in cirrhosis of the liver .. 819
- - colour of urate deposit due to .. 815, 818
- - effect of alkali on .. 818
- - in heart disease .. 819
- - high colour of urine due to .. 818
- - increased in hepatic disease .. 819
- - stimulating haematuria .. 818
- Urotropine, haemoglobinuria from .. 311
- Urticaria from absorption of fluid from hydatid cyst .. 415
- - affecting fingers .. 266
- - age incidence of .. 531
- - due to antitoxic sera (see Serum Rashes)
- - bulle in .. 850
- - and bullous dermatoses .. 114
- - burning sensation in .. 850
- - desquamation in .. 636
- - diagnosis from angio-neurotic oedema .. 716
- - erythema simplex .. 252
- - prurigo .. 531
- - distribution of .. 531
- - due to eating fish or pork .. 716
- - involvement of lips in .. 403
- - itching in .. 531, 588, 850
- - simulating erysipelas .. 850
- - papular erythema .. 531
- - prurigo flexor .. 531
- - scarlet fever .. 850
- - tache cérébrale in .. 771
- - wheals in .. 850
- - bullosa simulating dermatitis herpetiformis .. 850
- - - pemphigus .. 850
- - - factitious, haemoglobinuria in .. 315
- - relation of epidermolysis bullosa to .. 113, 114
- - haemorrhagic, haemosiderin in macules following .. 424

*Urticaria, contd.*

- papulosa (see Strophulus)
- pigmentosa, distinction from xanthoma multiplex .. 805
- - itching in .. 805
- - sen nigricans .. 575
- - wheals in .. 805
- Uterine sound (see Sound, Uterine)
- Uterus, abnormalities causing amenorrhoea .. 23
- - absence of, sterility due to .. 705, 706
- - anteversion of due to pendulous belly .. 227
- - backward displacement, bearing-down pain from .. 173
- - bimanual examination for fibromyoma of .. 429
- - ecchexia from lesions of .. 114
- - carcinoma of (see Carcinoma of Uterus)
- - changes in, in pregnancy .. 437
- - chorion-epithelioma of (see Chorion-epithelioma)
- - cocleate of Pozzi .. 219
- - sterility due to .. 706
- - congenital closure of cervix .. 705
- - congestion of, absence of enlargement in .. 429
- - - backache in .. 429
- - - causes of .. 428
- - - from certain occupations .. 430
- - - from constipation .. 430
- - - dysmenorrhoea from .. 219
- - - general venous back-pressure causing .. 430
- - - leucorrhoea in .. 429
- - - menorrhagia from .. 428, 430
- - - metrorrhagia from .. 435
- - - occurrence usually in married women .. 429
- - - in retroflexion of uterus .. 429
- - - sacralgia in .. 509
- - - salpingo-oophoritis .. 429
- - - subinvolution .. 429
- - - tight lacing .. 430
- - contraction of, spasmodic pelvic pain from .. 509
- - - diagnosis from pains of tubal gestation .. 509
- - - weak, dystocia from .. 227
- - - defective muscle development of .. 219
- - - dilated in subinvolution .. 429
- - - dilatation and curettage of, in diagnosing cause of metrorrhagia .. 436
- - - discharge from, with salpingo-oophoritis .. 760
- - - disease of, anaemia in .. 36
- - - causing amenorrhoea .. 24
- - - pain in the back due to (Fig. 204, p. 788) .. 476, 788
- - - lower extremity from .. 431
- - - referred pain in area of 10th dorsal nerve in .. 509
- - - displaced, causing albuminuria .. 10
- - - forwards by pelvic haematocoele .. 760
- - - nephritis from .. 8
- - - sacralgia in .. 509
- - - enlarged .. 429
- - - asymmetrically in fibromyoma .. 429
- - - amenorrhoea .. 22, 23
- - - from endometritis .. 220
- - - pregnancy .. 350
- - - recognition in rectal examination .. 638
- - - fibromyoma of (see Fibromyoma of Uterus)
- - - fixation in central position by pelvic abscess .. 760
