

Panorama View of Yarmouth from Bay View Park.

Yarmouth is a most desirable resort for all classes of people, more especially for the American from New England and the Eastern States. The scenery is varied and interesting. It is a succession of hills and dales, lakes and rivers, islands and bays. Nature has afforded abundant facilities for sport and recreation which cannot be excelled. The climate is a specific for hay fever. The hotel accommodations are all that could be desired by the most fastidious. There is no better hotel east of Quebec than the "Grand;" the Queen is not very much behind. Besides these there are less pretentious.
