ALMOST STARVED TO DEATH.

George Gilbert, Aged 80, Was Nearly Dead When Discovered.

Report of J. Fred Ritchie, Esq., D.L.S.

Rossland, B.C., Feb. 25, 1899.

Geottemen,—in December last I was asked by a number of my friends, who concemplated investing in the shares of your company, to visit the property with the view of advising them as to the merits of your shares as an investment. I visited the property and was able to make a most the purchased over 200,000 shares, which speaks for itself. Since that period I have had my own views amply confirmed by the leading mining men of this section. Yours truly,

J. FRED RITCHIE, D.L.S.

ly Dead When Discovered. Windsor, Ont., March 25.—George Gilbert, a resident of Essex Centre for 20 years, was picked up at the M.C.R. station last night by an officer who found him unconscious on a truck. Magistrate Bartlett and City Clerk Lusted had the unfortunate man removed to the Home. He was completely exhausted from hunger, and was unable to speak till to-day. Two daughters, Mrs. Thomas Hellier and Mrs. John Bullard, he said, reside in Essex, Ont., and Grand Rapids, Mich., respectively. They have been notified of their father's destitution. Gilbert is over 80 years old, and is crippled with rheumatism.

Citizens.

Port Hope, March 25.—(Special.)—By the death of Mr. Edward Budge here yesterday this town loses one of its most respected and universally honored citizens. Known in business circles throughout the province, he will be lamented as a merehant tailor of the old school, whose watchword was quality in material and make. He was known as probably the oldest established man in his particular line between Toronto and Montreat. Born in 1832, he located and started business in Port Hope in 1851. Since that time his fellow-townsmen have recognized his business integrity and personal worth by electing him councillor as often as he chose to run. He had upon occasions been obliged, through business and domestic reasons, to decline solicitations to stand for Mayor. He was up till bis decease, however, prominent as a school trustee, was a Freemason and a member of the A. O. U. W. and Royal Arcanum. He had long been conspicuously identified with the Methodist Church. His death had been regarded for some time as imminent, and was due to successive strokes of paralysis. Besides a widow and three daughters, be leaves six sons, who will act as pall-bearers at the Masonic obsequies Monday afternoon. Succumbed to Lung Trouble.

The many friends of Walter E. Scott will be sorry to hear of his death, which occurred on Saturday at the residence of his mother, 1009 East Queen-street. For the past two years deceased had been a sufferer from lung trouble, but he had only been confined to his bed for three weeks. He had been employed as a setter in P. W. Ellis & Co.'s jewelry firm for six years, and was very popular with his fellow workmen. He was a Presbyterian, and attended Leslieville Church. Mr. John Scott of The Advocate Printing Company and Mr. William Scott of the Street Commissioner's Department, are brothers of deceased. The funeral takes place this afternoon to Mount Pleasant Cemetery. 34 Toronto St. Tel. 981. Members Mining Exchange. We buy and sell on commission all the standard

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pills are recommended as mild and sure.

At the Queen's Hotel last night were guests from various portions of Europe, but none could produce a curiosity more unique than that possessed by J. Ransford of Clinton, Ont. The souvenir is a Spanish sliver dollar. It was found on the deck of the Spanish cruiser Viscaya after she had been battered at by the Yankee guns in the running sea fight off Santiago de Cuba. The fierce heat of the steel deck had partly fused the coin. It is slightly curied up, and all the inscription has been melted off, except the word "Espana." REPUBLIC, ROSSLAND

"Heather Brand of Groceries."

Some time ago we made up our minds that there was a big trade

to be done in "Fine Groceries"—the kind of groceries that we could label with our own "Trade Mark" and guarantee firstclass as to quality. With that in our minds we commenced months ago gathering together the best goods we could get, and those that came up to our standard of quality we passed into stock labelled with our own trade mark, which we call "Heather Brand."

Sales were small at first, but as the quality and excellence of the goods became known "Heather Brand" was asked for in preference to others. Sales have increased so rapidly, and so many lines of "Heather Brand" quality of goods have been added, that we feel warranted in making a special display and demonstration of "Heather Brand" Groceries. We intend that this shall be a fine

exhibition of high-class Groceries and Confections, and in addition to the display of our own special goods we have other exhibits of national reputation.
