It will be necessary for me to decide how far a provincial officer is necessary on the Island in view of the opinion which is beginning to prevail that we are doing more in the way of appointing officers in the northern districts than is really desirable, by which I mean that we are paying the salaries of officers who formerly were engaged and paid for locally in the older sections of Ontario in days gone by, when these older

The letter says he does not find that any lease or license was ever issued to Mr. Miller or Mr. Fraser authorizing them to cut on Clapperton Island. The license to cut on Bedford Island was issued in the season of 1898 and 1899 to Mr. George Fraser authorizing him to cut spruce and cedar only, and not renewed since. With respect to Clapperton Island there were prior applications for leave to cut timber and purchase the soil.

Toronto, Dec. 5, 1902.

My Dear Sir.—I have been looking into the correspondence as to the appointment of E. W. Swanson of Whitefish as a justice of the peace. There is some reference to a petition having been sent in asking for that appointment, but I cannot find that this is the case. Perhaps you may be able to say whether there really was such a petition, and if so, enable us to ascertain what has become of it. Believe me yours very truly,

My Dear Sir:

I have your letter of the 22nd inst., respecting the appointment of John McEachern as provincial constable at Little Current. My Dear Sir:

My Dear Sir:
Your letter of February 13 and accompanying petition was duly received. I did not reply immediately, since I wished to receive a report concerning its contents from Mr. Houston, our public school inspector. You have doubtless met Mr. Houston. He now asks that we do not dispose of the matter until he will again visit the neighborhood in question. I will talk the matter over with you when the house is in session.

Faithfully yours,

Morrisburg, 19th Sept., 1902.

My Dear Gamey:

I have a letter from a friend in Ottawa, in which he says Cap. Sullivan publicly states that "Its government has a written promise from Gamey to support Ross."

I have no dcubt that the old villain has been making this assertion, and I let you know of it in order that you may be in a position to give him the lie should you be so inclined. Of course it is not at all necessary that you do so, but if you wish to show him up and to incidentally show the public what these fellows are up to, you might get The Mail and Empire to say that you have heard that the notorious Cap. Sullivan was declaring, etc., etc., and that you wish to brand his statement as a slander, together with anything else you may choose to say.

As I have said, there is no call upon you to deny Sullivan's yarn, but if you do so it will do us good unmistakably.
