Of all the financial institutions of Canada receiving money on deposit, only three have a paid-up Capital as great as that of the Canada Permanent Mortgage Corporation, Toronto-street, Toronto.

A deposit account with this exceptionally strong institution may be opened with one dollar. Interest allowed at three and one-half per cent. per annum, compounded half-yearly.

BEAR PRESSURE ACTIVE ON NEW YORK EXCHANGE

Several Incidents Favor the Shorts! -Local Stocks Are Also Forced Down.

The London and Paris Exchange, Limited, London, England, cabled its branch of fice at 34 Victoria-street, Toronto, to-day, as follows: Consolidated Goldfiel's, East Randsg £6 3-16; Kaffirs Consolidated, £1 3-16.

The rate war on grain from Buffalo to the seaboard continues hot among all trunk lines. It is said that all the trunk lines have not only agreed to meet any cut that may be made by Pennsylvania and Lehigh Valley, but if necessary they will carry grain from Buffalo for nothing if Pennsylvania continues to force its recent cut and does not come to time. Reports from Chicago say the rate war there is increasing, and there is great uneasiness now that it will extend to the Gulf lines.

Chag, Head & Co, to R. R. Bongard: The weakness in the high-priced securities like Delaware and Hudson and General Electric was believed to be due to liquidation. The Texas Pacific Income interest matterhad an adverse effect upon the Gould securities generally. In the late afternoon selling pressure became more pronounced and further declines were shown. Indications point to a continuation of the downward movement. Theforeign financial situation is causing considerable anxiety among international houses, and the later cables report a general expectation of further troubles to follow. There is still no disposition whatever to buy stocks, and any attempt to liquidate would necessarily entail lower prices. There is nothing in the situation to encourage intending purchasers, and we continue to believe that still lower levels will be witnessed.

It is announced that within a few weeks the Dominion Coefficience of the server and the weeks.

Illinois Central has made small.

Illinois Central has made small temporary loan for a year at 5 per cent.

Joseph says: Professionals continue bearsh, Temporarily trade for guick returns. Buy the active issues on any weakness, resell on spurts of a point or so. Buy Pennsylvania for a turn.

London: The market for American rallway shares, after showing temporary firmness, closed on the curb at the bottom Anxiety is growing acute regarding the results of the fortnightly settlement here and on the Continent. No dealings are being made except where protected by wide margins.

The absence of any aggressive support in Gould stocks is being commented upon, and the action of the Texas and Pacific directors in deciding to pay the interest on the second incomes is freely discussed. It is said that the money to pay this interest was borrowed, and that this explains the reconsideration of the previous action of the Pensylvania, and the sebsence of the frade bearish on these stocks.—Town Top-fice.

BUY WHEAT ON REACTIONS

Chicago advices say wheat is in for one of the biggest booms in the history of the Board of Trade. We advise purchases of July and September wheat on any good reaction, as we believe both these options will pass the dollar mark before the present move is over. We buy in any quantity from a thousand bushels upwards. Margin three and five points. Commission one-eighth. .Correspondence invited.
