### "The Philosophy of Clothes."

As Thomas Carlyle hath it, "It means much in up-to-date attire." Science plays quite as important a part as art in the proper construction of men's garments. The question of personal adornment is second only in importance to protection and comfort in the matter of clothing. This is Score's doctrine, and accounts for their superiority of materials, designs and workmanship, resulting in perfection not heretofore attained.

### CITY BOYS AS FARMERS.

Broadview Institute Members Can Raise a Variety of Vegetables.

They do things different in Riverdale, and the Broadview Boys' Institute is one of Riverdale's most popular institutions. The second annual "Farmers' Dinner," which was held last night at the institute, was most unique in character, and at the same time was thoroughly enjoyable. The banquet was tendered by the institute to the tillers of the miniature farms of the Broadview "model township," some of the best whom sat down to a dainty repast prepared by the members of the ladies' auxiliary.

As an example of the large number of useful vegetables with which these city boys have become acquainted thru the medium of these farms, among the dishes laid before them were radish, celery, lettuce, cabbage, salad, potatoes, turnips, cauliflower, kohlrabi, pumpkins, squash, pea and for beverages, chicken and "pea coffee."

As a result of the success of the institute, occupied the chair, and a dainty menu card, the product of the Broadview boys' miniature farms, was presented to the guests of honor.

## Rush Week With Furniture!

A CONDITION confronts us that means serious trouble unless we can find quarters for the \$30,000 worth of furniture now stored in the Mutual Street Rink. We're not trying to be sensational, but we've absolutely to sell, and sell quickly, the immense surplus stock for which we have no room. Furniture is bulky at best, and the enormous quantities to be disposed of would easily stagger any other store. It means sacrifice of profit and part of cost in order to distribute hundred carloads of furniture in less than a week. It means a saving to you of one-third your money, particularly on bedroom and dining-room sets.

This is the chance of the year for hotels and boarding houses, and a chance that may not come again in several years. We must vacate the rink next week according to contract, and with storage room in Toronto at a premium, we prefer to turn the goods into money on Monday and throughout next week in this way:

Office Furniture Dressers and Washstands. An Extra Special. 6 Roll Top Desks, hardwood, golden oak finish, 4 feet wide, regular price \$18.50, Moving Sale price \$12.90. 2 Roll Top Desks, solid oak, 42 in. wide, regular price \$18.50, Moving Sale price \$12.90. 4 Roll Top Desks, solid oak, 48 in. wide, regular price \$20, Moving Sale price \$15.00. 3 Roll Top Desks, solid oak, 60 in. wide, regular price \$25, Moving Sale price \$22.50. 5 Office Standing Desks, solid oak, 3 ft. long, regular price \$19, Moving Sale price \$11.50. 4 Office Standing Desks, hardwood, golden oak finish, 6 feet long, regular price \$18, Moving Sale price \$14.50. 2 Office Standing Desks, solid oak, 3 ft. long, regular price \$22.50, Moving Sale price \$16.50.

## 5.00 Pictures for 98c

We must vacate our temporary storehouse—"the Mutual Street Rink"—in a few days, and not having a convenient place for a carload of picture frame mouldings stored there, we decided to turn them into frames for a fine line of beautiful subjects, and by offering the completed pictures at tempting prices we hope to clear out this entire stock in a few days. The first lot worth up to 5.00 each and numbering 700 will be offered on Monday at 98c.

700 Handsome Picture Frames, oil paintings, water colors, pastels, engravings, art-types, photographs etc., figures, landscape and marine subjects. Artistic frames made from mouldings of the finest finishes, in both oak and gilt, medium and large sizes, worth in the regular way up to \$5.00, on sale Monday. 98c.

## Note This Carpet Special

Brisk business has left us with numerous short lengths of carpet which interfere with clean stock keeping. The fact that these patterns have been so rapidly reduced to remnant lengths is evidence of how good they are. If you need a hall, small bedroom, or smoke room carpeted, a carpet square for parlor or dining-room, which requires any quantity between 9 and 33 yards, take advantage of the half price prevailing in the carpet department on Monday.

738 yards of English Axminster, Wilton and Velvet Carpet, in short lengths of 9 to 33 yards, borders to match, regular price up to 2.25, Monday, per yard. 95c.
