LANDLADY WAS SHARP As One Young Man Who Failed to "Settle" Learned to His Cost.

A young man who was on the point of leaving the city a day or two ago, with his board bill unpaid was followed to the train by his landlady, who by a shrewd trick prevented his departure.

The young man had been for a time in the employ of a prominent business establishment here and was, so it seems, some \$13 to \$15 behind in his board bill.

On returning, he noticed the missive, opened it, and after a careful perusal of the contents was not long in deciding on a plan of action.

He crossed the next morning earlier than usual, carefully packed his valise and "piled" for the Union depot, where he purchased a ticket for Montreal, Mr. He then boarded the west-bound train, evidently congratulating himself that all was well.

THE BISHOP'S PICNIC Eight Hundred Happy Children Were in the Procession This Morning—Pleasant Outing.

This is, indeed, a happy day for the Roman Catholic children of this city. The bishop's annual picnic is being held at Torriburn and many hundreds of children and grown-ups are enjoying themselves to the utmost.

At nine o'clock, the juveniles gathered at St. Malachi's Hall, corner of Sydney and Lincolnton streets, and headed by the City Cornet band, marched to the depot.

The following priests and officials also marched: Rev. R. J. Coughlin, Rev. J. W. Holland, Rev. A. W. Meahan, P. O'Leary and James Surace.

At the station, great excitement prevailed. The cars were not open when the fine of the picnicers arrived, but shortly before 8 1/2 there was a rush, and the boys and girls had everything their own way until they were all seated in the train.

The older people waited until all the children had been made comfortable, then boarded the train, and soon all were on their way to the scene of the day's outing.

At the picnic grounds the boys will have a chance at the "bean bag," the "hit the doll," and the merry-go-round, but about 10 o'clock, however, the boys will enjoy popcorn, peanuts, candy, and lemonade.

A shooting gallery is in operation, and some good prizes are up for the best shot.

The "spin the wheel" man, as usual, is in attendance, and the prizes are up for the best spinners back to the 6 and 8 p. m.

DAME FASHION'S ENVOYS St. John Ladies and Gentlemen in American and European Cities Getting the Latest Style Notions.

Miss Vaughan, superintendent of the retail custom hat making department of Manchester Robertson Allison's, Ltd., and Miss Hoyt, maker for the wholesale millinery interests of the big house, have left for New York to spend several weeks among the leading millinery establishments viewing new shapes and trimmings, and carefully considering the best headgear for St. John ladies.

Very little information has been given out yet concerning the new millinery styles for fall and winter, but it is presumed colors will be largely in solid, or plain, effects, with shades small and medium sized. Color fastness are predicted as a certainty.

In less than a month these new styles will be on the market, and early in September wholesale millinery openings will probably be held, at which hat models from all parts of New Brunswick, Nova Scotia and Prince Edward Island will come to St. John to get the new notions.

Miss Vaughan and Hoyt, of M. R. A. Ltd., heads of the manufacturing department in millinery, have gone to New York to look up fall and winter styles.

W. L. Robson, also of Manchester Robertson Allison's, Ltd., is also back from Europe, where he bought fall jackets, winter coats, silks, novelties, etc.

W. G. Smith, of the same house, is at present in Cape Breton, where he is buying for next spring, as is Alex. Macaulay, of Macaulay Bros. & Co., and M. McFarlane, of Brock & Paterson's.
