Jerome Lorette 15 Decr '92

To the Deputy
of the L.S.I.A
Ottawa

Sir

In reply to your letter
dated the 16 Novr last, No 992,
enclosing a tracing of the
Indian Reserve at Lorette,
showing the right of way
of the Lulu and Lake L'Ange
Railway Company, I
have the honor to state
1. That there was no
question of an "Alternative
Road" as marked on the
plan, there being no street
along the bank of the
rue St Charles; - that the
opening of a street was
only a project to give
egress to the people of
the depot, when the road
was being constructed in
1890 -

2. That the complaints
mentioned in my letter
of the 14 Oct last had
reference only to the street
marked
