WARNING TO Exhibition Visitors

Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of engaging our services, but who neglect calling until the last few days of their visit. We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home disappointed at not having been able to avail themselves of our superior workmanship and moderate fees. PARENTS should take notice that the holidays are rapidly drawing to a close and that it is in the interest of their own children and those of others in the community that their children's teeth should receive proper attention. We can give them the attention they require, without affording pain and at very attractive fees. BOSTON DENTAL PARLORS, 427 Main Street, D. MAHER, Proprietor.

FOR ADVERTISERS

(From Printers' Ink, Aug. 8) The Printers' Ink man brought specimens of the St. John dailies home with him and submitted them to the inspection of an advertiser who has had a good deal of experience in dealing with and valuing newspapers. He asked him to look them over carefully, note the news, general reading matter, market reports, society, base ball, etc., together with a consideration of the advertising columns, and make known his decision by marking the papers 1, 2, 3, 4 and 5 in the order of merit as it appeared to him. The papers were returned marked as directed which led to their being arranged in the following order: The Daily Telegraph, the Evening Times, St. John Star, St. John Globe, the Sun. For classified advertisements he reported The Daily Telegraph to be materially in advance of any of the others.

BOARD OF TRADE ACTION

SASKATOON, Sask., Aug. 27.-A meeting of the board of trade was held on Monday with President Oliver in the chair. It was moved and seconded that the board urge upon the city council the advisability of purchasing Dr. Wilbough's subdivision for park purposes, and carried. The property lies on the Nutana side of the Saskatchewan River.

FOR A WEEK'S OUTING

This evening's I. C. R. express for Quebec will carry among its passengers Gilbert C. Jordan, manager of the New Brunswick branch of the Sun Life Insurance Company, and William A. McGinley and F. S. Farris, special representatives for this province who have qualified for it by reaching a certain standard as business producers during the year. Messrs. Jordan, McGinley and Farris are the only representatives in New Brunswick who have qualified for the trip, and as the qualification was a severe one, they have every reason to feel elated at their success.

At Quebec the party will meet other representatives from all over North, South and Central America, and the West Indies, who have similarly qualified in the company's service. The sights of Quebec will be seen and the whole party numbering from 150 to 200, will travel by special train to Lake St. Joseph, where the outing will be held. A splendid programme of entertainment has been provided, but all the time will not be given over to pleasure. There will be an admixture of business conferences and meetings where the representatives will get together for a mutual exchange of suggestions and opinions as to the work.

The company in the past has found these outings very beneficial in a business sense and all are looking forward to a pleasant and profitable week at Lake St. Joseph.

"WAY DOWN EAST" TONIGHT

Wm. A. Brady's "Way Down East," which will be seen in this city at the Opera House tonight, comes with a record of eight exceptionally successful seasons to its credit, including 100 weeks in New York city, 44 weeks in Boston, 38 weeks in Chicago and 35 weeks in Philadelphia. It is perfectly safe to say that this is a record achieved by no other play of recent years, and it is a tribute attesting the great merit of the piece. Particularly is this true at our present season of life when the spice, must be variety. Certain it is the simple truthful story of right and wrong, brightened by wisest humor, appeals to all classes of people. There is universal sympathy for the wronged woman, who takes herself and goes out into the driving snow-storm. There is unrestrained mirth over Hi Holter and his "Pickins' from Puck." There is a hearty response to the melodious of the village choir, and there is close sympathy-even affection-for the good people who bring the narrow New Hampshire into view. The company is in keeping with the merits of the play, and a complete production is assured.
