RUSSIAN LOAN IN U.S. HAS BEEN ARRANGED

Will Be for \$50,000,000 and Bear
Interest at Five and Half Per
Cent

New York, Nov. 6.—Negotiations have
been completed by a syndicate headed
by the National City Company, which
is controlled by the National City Bank
of New York, for the loan of \$50,000,000 to
the Russian government, the proceeds of
which will be used principally for pay-
ing for war materiel. The loan will
be a direct obligation to the Imperial
Russian government and will bear in-
terest at 5 1/2 per cent.

AMERICAN EXPORTS HEAVY IN OCTOBER

Washington, Nov. 6.—Outstanding
features of the October business and
financial situation, cited by the Federal
Reserve Bulletin, were continuation of
heavy exports and of the net inward
gold shipment, extended domestic trade
activity, rising prices, easy money rates
and full employment of labor. Heavy
balances due from Europe, it is stated,
have given rise to demands for new
financing, a feature of which of especial
concern to the federal reserve system,
is the extensive resort to the use of ac-
ceptance credits arranged, or to be ar-
ranged, on behalf of industrial and
commercial borrowers in Europe.

The often-mentioned slackening or re-
versal of the gold movement into this
country has shown no indication of de-
veloping to the present date, the bulletin
says. Official statistics show that to
the middle of October the net inward
movement of gold since January 1 was
approximately \$294,000,000, against
\$280,000,000 for the corresponding pe-
riod in 1915.

"The only symptom of a change in the
international position of the United
States as respects gold," the bulletin
adds, "is found in an increase in the
gross exportation of the metal from the
beginning of the year to the middle of
October, bringing the total outflow to
about \$95,000,000, against \$18,000,000
for the same period of 1915."

BRITISH TO BE INDEPENDENT OF AMERICAN STEEL

London, Nov. 1.—By next March
Great Britain will be independent of
American steel, said Dr. Christopher
Addison, president of the British Iron
and Steel Institute, in an interview dis-
cussing the work of the ministry of munitions.
The augmented munitions programme
for the coming year, said Dr. Addison,
would require 815,000 additional men
workers and 100,000 more women.

RUSSIA CLOSES \$1,500,000 CONTRACT FOR LEATHER

Wilmington, Del., Nov. 4.—Announce-
ment is made that F. Blumenthal &
Co. of this city has closed a contract
for leather amounting to \$1,500,000
with the Russian government. It is
understood the leather is to be used for
shoes for the army.

NEW YORK SEATS \$73,500

Two New York Stock Exchange
memberships were sold this week for
\$73,500 each, or \$500 under the previous
sale. The memberships sold were that
of Louis C. Hay to James F. Durand
and that of Stephen H. Brown to Cel-
estine A. Durand.

WERNER HORN APPLIES FOR AN EARLIER HEARING

Washington, Nov. 6.—Application for
an earlier hearing than usual for the
case of Werner Horn, alleged German
agent, was made by his counsel, in con-
nection with the dynamiting of the
international bridge at Vancouver, B.C.,
in February, 1915, was filed with the
supreme court.
Horn is appealing from dismissal of his
habeas corpus suit in which he al-
leged that his acts were belligerent
against Canada, an enemy of Germany,
and that he was exempt from prosecution
by the United States for carrying
explosives on a passenger train.

THE public is hereby notified that the firm of Nixon and
McLellan have discontinued business as from November
4. The agencies of the Mercantile Fire Insurance Co., Globe and
Rugers Fire Insurance Co., London and Lancaster Guarantee
and Accident Co., have been transferred to Hugh H. McLellan,
who will continue in business alone at 47 Canterbury street.

Western Unit Coming Here

Interesting News of the Soldiers
in St. John

NEW POST FOR COL. POWELL

Recruiting Arrangements in Tor-
onto for 236th—St. John Again
Last Week Gave More Than
Half of Recruits in Province

The 194th Edmonton Highlanders ar-
rived in Toronto on November 6 and
10,000 troops in Toronto turned out to
honor them. It is believed that they are
heading for St. John.

Might Have Five Battalions.

It is believed that St. John might
have five battalions within its borders
this winter, providing the proper ac-
commodations could be secured. It has
been suggested that the Board of Trade
should take up the question of quarter-
ing troops.

Another For Sussex.

It is rumored that another western
battalion will be quartered in Sussex
within a short time, although just what
unit is at present not known.

High Post for Colonel Powell.

A report comes from authoritative
sources that Lt.-Colonel A. H. Powell,
at present A. G. of the New Brun-
swick command, is slated for a high
command in the province of Onta-
rio alone. Recruiting for the
kilties in Toronto.

Brigadier-General H. McLeod, G.
O. C. of the New Brunswick command,
arrived here yesterday after a tour
through Ontario in connection with the
236th Kilties Battalion. He says that
the lure of the heather is not dead in
the central provinces and believes that
a full battalion for the kilties' brigade
will be secured in the province of On-
tario alone. Recruiting for the
kilties in Toronto.

The total number of recruits secured
in the province during the last week
were eighty. The county totals follow:
St. John, forty-eight; Restigouche,
seven; Westmorland, seven; York, six;
Carleton, four; Albert, two; Northum-
berland, one; Charlotte, one; Queens
and Sunbury, one; Victoria, one; Ma-
daska, one; Kings, one; Gloucester, one; Kent,
one.

At the recruiting office yesterday seven
recruits were secured for overseas
service: Burton G. Seely, St. John, Den-
tal corps; Frank Vanvar, St. John,
290th Kilties; James W. Houle, Kings,
Canadian Engineers; John McMul-
len, St. John, 180th Battalion; George
P. Withers, St. John, 9th Siege Battery;
Fred W. Withers, Fairville, 9th Siege
Battery, and Arthur L. Rankine, Fair-
ville, 9th Siege Battery.

Additional Details were received yester- day with regard to Sergeant William Lloyd Gifford, who was previously re- ported seriously wounded. In a letter from him received by his mother, he says that the bullet grazed along his neck and entered the shoulder, but he is in the right side and that he still has a few pieces of shell in him. He expects to be in England as soon as he is able to be moved.

In a letter received by Mrs. A.
Hickey, of 14 Sydney street, from the
Canadian Red Cross Society of London,
she has learned that her son, Private W.
L. Hickey, of the 18th Battalion, who
was wounded a short time ago, is suf-
fering from a leg fracture and that he
is doing well.

Memorial Service.

Last Sunday afternoon in the Can-
terbury Methodist church at Canterbury,
a memorial service was held for Lance-
Corporal Gould. For two years he held
important and responsible positions at
White River, Western Ontario, in the
railway Y. M. C. A.

NEWSPRINT PAPER COSTS LESS TO MAKE

U. S. Federal Trade Commission
Issues Statement—Prices Have
Tumbled While Expense of
Producing Has Not

Washington, Nov. 6.—In a statement
issued today, the Federal Trade Commis-
sion declares that during the first half of this
year, when prices already were soaring
to unprecedented figures, the average
cost of producing newsprint paper in do-
mestic mills was less than \$1.58 per 100
pounds, or below the average cost in the
past three years.

The commission announces that be-
fore issuing its report public hearings
will be conducted and manufacturers,
publishers and any others interested
given an opportunity to appear. No date
is set for the hearings, but the report is
said to be ready to send to the press in
the near future.

Certain facts developed by the enquiry
are made public now, because most of
the publishers' contracts for paper are
about to expire. Contract prices rose
this year from less than \$2 per hundred
to \$8 and \$9.50, and on current market
purchases the publishers have paid \$7
or more for paper bought in the same
way prior to January 1, for between \$2
and \$3.

It is generally claimed in the trade
that the cost of newsprint paper will
continue to rise, particularly on account
of the scarcity of labor in Cana-
dian woods and the consequent in-
crease in labor cost of bringing logs to
the mills. This is necessarily a matter of
prediction concerning which the commis-
sion expresses no opinion.

The quantity of newsprint paper im-
ported, which came chiefly from Canada,
equalled about one-third of the do-
mestic production, and showed a great in-
crease in the first half of 1916. The
quantity exported also increased during
this period, though the exports were
small compared with imports. The
prices, however, offered by foreign buy-
ers were high.

The stocks of newsprint paper, which
are very small in comparison with the
production, not only declined during the
first half of 1916, but also were lower
than at any time during the year 1915.

GinPills FOR THE KIDNEYS MARTYR TO PAINS IN THE BACK

Hallifax, N.S., Jan. 15, 1916.
About eight months ago I read
your advertisement in one of the
Halifax papers offering a free
sample of Gin Pills for the kidneys.
I had been a martyr for
years to intense pains across the
back and decided to try Gin Pills.
Before I had finished the third
box I found myself free from
pain. Yours sincerely,
Mrs. M. A. Perry.

All druggists sell Gin Pills at
50c a box, or 6 boxes for \$2.50.
Sample free if you write for
them.

NATIONAL DRUG & CHEMICAL
CO. OF CANADA, LIMITED
Toronto, Ont.

\$100 REWARD, \$100.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has been
able to cure in all its stages, and that is
catarr
