

JUDGMENT TO BE GIVEN ON MAY 5

Arbitration Proceedings Close After More Than Two Years

Mr. Justice LeBlanc is to Announce His Decision in Moncton

The arbitration proceedings between the Englewood Pulp and Paper Co. and the New Brunswick Electric Power Commission were finished yesterday afternoon before Mr. Justice LeBlanc. May 5 was set as the date for giving judgment. The company claims an amount in excess of \$840,000 and proceedings have been going on for more than two years.

MR. HUGHES IN REPLY

Mr. Hughes, in reply, dealt with the argument on the Mitchell report. He said that the report was rendered on Sept. 15, 1923, and was based on insufficient information. The Musquash had been first mentioned to Mitchell by Henry Holgate in a letter written Sept. 3. Mitchell had come to Saint John on Sept. 18 and had made his report five days later on information supplied him by Mr. Holgate.

Here's the Way to Heal Rupture

Dr. Taylor: "As a matter of fact they were dryer than the average." Mr. Hughes went on to say that the Vermorel rule was not unknown as the company's lawyers had claimed. He produced a textbook in which it was discussed.

Massachusetts, he said, was built up month by month and was a record of what had taken place and what could have been used. If the records regarding it were available for a long period of years a chance could be taken basing calculations upon it and allowing for a slight possible decrease. The available Massachusetts figures showed nothing like the amount the Brown report stated was available for the average year.

It was present values which must be considered and not something in the indefinite future. The land in question had no agricultural value and would not have for years to come. The 40,000 acres would not be worth paying taxes on as a lumber proposition.

On the evidence placed before the arbitrator the award should be small. The New Brunswick Electric Power Commission was appointed by the province to carry on a certain stated work. It was an arm of the government. The award should be reduced to the limits suggested as the land had no practical value. The company were trying to get something for nothing, he concluded.

Col. A. DeL. Panet Dies At Toronto

TORONTO, March 3.—Colonel Antoine DeLothbiniere Panet, brother of Major-General Henri Panet, adjutant-general of the department of national defence, Ottawa, and a member of one of the oldest French-Canadian families in this country, died here of pneumonia last night, after a short illness.

DUNNING IS NOT TO BE OPPOSED

Regina Conservatives Decide to Postpone Contest Until General Election

REGINA, March 3.—Conservatives of Regina will not offer opposition to the candidacy of Hon. Charles Dunning, Federal Minister of Railways and Canals, at the by-election March 23, according to an official statement issued tonight over the signature of Fred. Somerville, president of the Conservative Association of Regina.

The official statement issued tonight following a meeting of members of the Conservative executive read as follows: "To the electors of Regina constituency: The executive of the Conservative association of this constituency have thoroughly discussed the advisability of placing a candidate in the field in opposition to the Hon. Charles Dunning and have decided not to oppose the new Minister of Railways at the present time."

"Canada is today without stable government, and only a general election can alter this situation, and had the Hon. Charles Dunning been equally concerned for the welfare of Canada as he is for party advantage and personal elevation, he would inform Mr. King that his duty is to place his resignation in the hands of the Governor-General and precipitate a general election."

Earl and Countess of Craven At Bermuda

HAMILTON, Bermuda, March 3.—The Earl and Countess of Craven arrived here this afternoon on the steamer Canadian Fisher from Halifax. They went to their home, Tumble Inn, in Fairland where they will spend the remainder of the season. The Earl is somewhat incapacitated because of an accident he suffered while boarding ship at Halifax, his artificial leg which replaced the leg he lost in the war, having been broken.

IMPERIAL

Final Day for This Grand Picture

YESTERDAY'S CROWDS held spellbound with the charm of this superb First National Society Drama.

Corinne Griffith DeLasse

An Outcast!—Overnight the poison tongues were wagging. Overnight a reigning beauty slipped from her throne. Overnight a society belle lost all because of a moment's careless romance. Overnight wealth, position, home, toppled. Overnight "declassés," though innocent.

But Watch This Beautiful Girl Fight Back and Win Her Own!

NOTE THE ADDITIONAL STARS: LLOYD HUGHES, Clive Brook, Louise Fazenda, Rockcliffe Fel-lows, Hedda Hopper, Lilyan Tashman, Gale Henry

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly. BETTER THAN SODA For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all acids. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda. INSIST UPON "PHILLIPS" Each bottle contains full directions. Any drugstore.

FRECKLES AND HIS FRIENDS

WHAT'S ALL THEM BOARDS DOIN' IN FRONT OF CHARLIE VIET'S HOUSE? I'LL GO OVER AN' ASK HIM! WHO WAS SHE? I'D COULD ONLY FIND HER—THE GIRL WHO GOT MUD SPLASHED ON HER—

OSCAR'S NOT TO BE OUTDONE
