Deep-Seated Abscess in the Hip. Remarkable Recovery after undergoing three operations without success.

Our Portrait is of Mrs. LAMBDON, of Mott's Mill, Withyham, Sussex, England, Mott's Mill, Withyham, Sussex, angland, who writes:—
"I am writing to tell you of the benefit I have received from your Clarke's Blood Mixture. I had a deep-scated abscess in my hip and was laid up about fourteen months not able to do anything. I was in hospital nine months and had three operations. Still I was no better, so I asked to come home. I had been home three weeks still feeling very ill, so I thought I would try your Clarke's Blood Mixture. The first bottle I used fetched the pus out more than ever, and by the time! had taken half the accound bottle I began to eat better, and the discharge began to get less. I persevered with the Mixture, and after a few weeks began to get about slittle on crutches out of doors. Then I pegan teget stronger, and now I am feeling better than I have done for years, The abscess is quite healed—I can now do my work and walk quite a long distance with a stick. I am sure if people suffering the same as I was would give Clarke's Blood Mixture a fair trial it would do them good You can make whatever use you like of this letter."

CLARKE'S BLOOD MIXTURE, by reason of its remarkable blood purifying properties, can be relied upon to give speedy relief and lasting benefit in cases of Eczema, Bad Legs, Abscesses, Ulcers, Boils, Pimples, Eruptiona, Piles, Glandular Swellings, Rheumatism. FRIGHTENED!

"Every morning I woke up, I felt that something terrible was going to happen."

writes Mrs. M. and she goes on to say, "I wonder if any other woman ever had such fits of depression as I had for over a year. I was so utterly despondent that if it had not been for my children, I believe I would have put an end to my life. Every day and every night was a nightmare. I dreaded going to bed because I lay awake most of the night. When I did sleep, I had the most dreadful dreams. I couldn't eat. I was completely run down—nothing interested me, nothing appealed to me. I consulted several doctors. They preacribed different remedies to build me up but these preparations didn't do me any good. Doctors told me I had a nervous breakdown. I was tired all the time. I felt every day that my strength was gradually leaving me. The least little exertion left me thoroughly tired out. I knew I was gradually was ting away. I felt I was going to die and I was so thoroughly miserable that I did not care whether I lived or not. And then I heard about Carnol and what a fine tonic it was. At first I refused to take it as I was sure it wouldn't do me any good. Finally I did try it with the most wonderful results. I am well and happy every minute of the day now. I eat heartily and sleep soundly. My friends won't believe that Carnol alone has done this for me. I am never despondent now and every day is a day of joy. What Carnol has done for me it will do for you."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 2-122

Association

Amherst, N. S., April 30—A maritime amateur baseball and hockey association with T. K. Sweeney, of St. John, as president, was formed in the early hours of this morning, after several hours' deliberation by representatives of twenty-two clubs of Nova Scotia and New Brunswick, gathered together in this town, for the purpose of discussing what action should be taken by those disagreeing with the Covey affidavit. The meeting was presided over by P. C. Neville, of the Halifax Crescents, and J. D. Collins, of Amherst, was secretary, Neville, of the Halifax Crescents, and J. D. was accorded one vote. The motion to form a new association was supported by all the clubs represented except the Halifax clubs, Springhill and Stewiacke. Gordon Quigley, of the Crescents, said that his club could not support the motion as they were tied up with amateurism. If they voted for it they would probably have no field to play on. The Halifax G. W. V. A. for a similar reason withdrew their support to the resolution. Halifax G. W. V. A. for a similar reason withdrew their support to the resolution. Stewiacke was the next to follow. The Springhill representative said his team were the Nova Scotia baseball champions, and they did not feel like support-ing such a resolution without having further opportunity to consider the mat-

Mr. McMahon, of St. John, was very strong for taking baseball and hockey out of the hands of the M. B. A. A. U. of C. He said he would leave the other things for Mr. Covey to play with. He said that he had been talking that morning to Mr. Sweeney, of St. John, who was anxious for a break, and Mr. Sweeney had said that he would accept the presidency of a new organization and presidency of a new organization and endeavor to see it through.

Leo Dolan, of Sydney, and Mr. McFarlane, of Glace Bay ,sport writers, wrote a joint letter advising that the meeting "make haste slowly."

A letter was read from Mr. Sweeney, of St. John, in which the argument was advanced that the meeting of the M. P. B. A. A. U. of C. recently held in St. John was illegal.

The definite of the word amateur was left in abeyance, it being considered was left in abeyance, it being considered the part of wisdom to settle that later.
