PORT NEWS OF THE DAY; HOME AND ABROAD

Tie for Championship.
As the result of a tie developing between St. Peter's Y. M. C. A. team and the M. C. I. quintette in the bowling tournament, being held in the Y. M. C. A. building, the championship of the maritime provinces and Eastern Maine could not be decided last evening and the play-off will take place this evening. The schedule for the tournament was concluded last evening. The two leading teams have won three and lost one game. The first game was between Black's and the Y. M. C. A. and the excitement during the game was intense. A win for the latter meant a chance for the championship, and their royal rooters were out in force. When the result became known the spacious bowling academy of the institute resounded with hearty cheers for the winners, and also for the losers.

The individual scores of the games played yesterday as well as details for the tournament follow:

The special prizes for the individual scores during the tournament are distributed as follows: Highest single string, McDonald, Y. M. C. I., 1881; highest three string, Dever, St. Peter's Y. M. C. A., 320; and the highest average for the series, McCurdy, also of St. Peter's, who finished with the fine average of 90%.

McDonald, of the Y. M. C. I., had the three string total but as each participant can only take one prize the honor falls to Dever of St. Peter's.

No parleying now! In Britain is one breath; We are with you now from shore to shore—Ye men of ours, 'tis victory or death.

FOUR PERFECT MARKS

Four perfect marks were recorded in the results of the annual Bible study examinations conducted for the Junior "A" Bible classes at the Y. M. C. A. and the marks of the others were all well above the mark required to pass. In these examinations, group totals as well as individual totals are made and there is a good deal of competition between the groups and the members are inspired in their efforts to make big marks, not only by hope of individual advancement, but also with that of making their class the leader. The group totals are made up from the average of the marks of the members of each group and also on the average attendance, both being taken on the basis of fifty. The group standing in tabular form and the marks of the individual Bible students follow:

Examinee Attendance

	Warriors.	Pioneers.	Mohawks.	Hurons.	Algonquins.	Senecas.
	41.76	40.30	40.30	33.15	30.71	28.80

Individual results with the course taken follows:

	Murray A. Brewer.	Ferris.	Donald W. Crawford.	Pidgeon.	Selwyn Coster.	Men of the Old Testament.	Robert Hayes.	W. Ronald Smith.	Harold Williams.	Davidson.	William C. Lee.	Richard Wetmore.	90.	Francis Frits.	79.	Adams.	Gordon Pidgeon.	Men Who Dared.	85.	Edgar Weisford.	81.

TAKE UP THE TORCH
(From the London Daily Mail).
Let us take up the torch. Let the whole nation share that it understands what is now at stake. The first and gravest need is men to fill the gaps in this swift and joyful generation of youth now fighting and falling on the battlefield for great glory and the world's salvation. The "comb-out" must go forward, and there must be no more shirking and slacking. It is something that the miners have already realized the situation, and that as the result of the electrifying speech made to them on Thursday by the prime minister, with the news fresh before him that our troops were holding their ground, they have decided that the calling up of men from their ranks shall go through. This is the right spirit. It is the crisis of our fate. Let the answer go back to our army from the nation here behind the lines:

No parleying now! In Britain is one breath; We are with you now from shore to shore—Ye men of ours, 'tis victory or death.
