Barber's Pole Taken. It was reported today by the police that last evening was one of the most quiet 'Hallowe'en in many years, probably due to the fact that the weather was more tooting for outdoor pranks on the part ofchievous urchins. Beyond a few wood-as being upset, peas being shot, or other minor pranks, there was little to require police attention. A North End barber, however, this morning had cause to remember that last night was 'Hallowe'en for he went to his store today he could not find the striped pole which designates his line of business. Later on it was found broken some little distance down the street.

ITALY PLANNING A DECISIVE STROKE TO PUT END TO WAR

Turkey Must Submit, They Say, or Valuable Islands in Mediterranean Will Be Seized—Understanding First With the Powers

(Canadian Press)

Chiasso, Switzerland, Nov. 1.—With a view of bringing the war with Turkey quickly to an end, the Italian cabinet has decided that the Porte must either accept peace or lose more territory. This means that some of Turkey's valuable island possessions in the Mediterranean will be seized unless she submits to her fate. This decision was reached at a series of secret conferences on Monday between Rear Admiral Aubrey and members of the cabinet.

Aubrey arrived in Rome suddenly and secretly on Monday morning. Lengthy interviews with the premier and the ministers of war, navy and foreign affairs followed. Definite arrangements were made for sending the Italian fleet into action against Turkey's Mediterranean possessions. It is understood that the new plans will be set into action as soon as the Marquis Di San Giuliano, minister of foreign affairs, can reach the necessary understanding with the interested powers.

It is expected that Italy will continue to share the Albanian case in order to avoid complications along the Adriatic, and in the Balkan Straits.

Prof. Saxby Blair, horticulturist at the Macdonald College, P. Q., spoke upon the planting of orchards, and briefly outlined some of the best practices. It did not make much difference in his opinion, where nursery stock was raised, provided it was of hardy character. He did not depend exclusively upon apple growing, but he thought any farm might have 10 acres or so of orchard, which would add greatly to the income and value of the farm.

There was an interesting discussion at the close of the lecture, and the meeting then proceeded to the election of officers. These were chosen: President—C. N. Vroom, St. Stephen. Vice-president—S. L. Peters, Queens-town. Secretary—A. G. Turney, Fredericton. Treasurer—Henry Wilnot, Fredericton.

SALVATION ARMY MAKE OFFER TO MANAGE IT

Meeting in Mayor's Office Consider Detention Home for Children, Juvenile Court and Legislation to Carry Out Plans in Mind

Methods of dealing with the problem involved in the care of children who through their own fault, or the lack of proper home influence, require the attention and care of the State, were discussed with consideration at a meeting held in the mayor's office in City Hall this morning. The need for some better machinery than the present one to be responsible for conducting a detention home for children under the new arrangement.

Children's Aid Act. What is chiefly needed is the authority to take children from surroundings which are injurious to them and place them in a better home, or, if necessary, in a foster home. It is suggested that as soon as a plan for caring for the children is worked out, the provincial government be asked to pass a children's aid act and to proclaim the dominion act for delinquent children operative in this province.

For this purpose it would be necessary to have a detention home where the children could be kept while their cases were being investigated and until some permanent arrangement could be made for them. At the meeting this morning Mayor Frink presided and there were present County Secretary Kelly, Aldermen Hayes, J. B. Jones, Potts, Colner, McGoldrick, Ekin, Green and McLeod. Commissioner Brown, Colonel Mapp, Colonel Pugmire, and Knigh Duncan of the Salvation Army.

The mayor explained the object of the meeting and called upon Colonel Mapp to describe what is needed here. Colonel Mapp outlined the modern method of dealing with children of the classes named and told of what is being done along this line in Vancouver, Lethbridge and Winnipeg.

Mr. Kelly said that at the last session of the legislature the New Brunswick Society for the Prevention of Cruelty and the Home Council had asked for the passage of the children's aid act, which, among other provisions, would give authority to take any child or woman from surroundings where he or she was being ill treated and make a transfer to some public or private institution. At that time the attorney-general, although in favor of the purposes of the bill, did not wish to commit the province to it until some provision had been made for caring for the children so dealt with.

NEW LEADER OF LIBERALS IN ONTARIO

The Party Chooses N. W. Rowell, Prominent Lawyer in Toronto

Talk Over Platform

May be Special Convention To Consider Prohibition—New Leader Forty-Four Years Old and Well Known in Profession and in Church Work

(Canadian Press) Toronto, Nov. 1.—Ontario Liberals will enter the provincial campaign under a new leader, N. W. Rowell, K. C., of Toronto, having accepted the proffered position last night, at the second meeting of the General Reform Association of Ontario. After a discussion lasting all day Mr. Rowell was chosen to lead the party.

Some delegates present complained that Mr. Rowell was practically unknown to the rank and file outside of Toronto, and that he had no seat in the house. One Toronto Liberal said that West Middlesex was the proper constituency for Mr. Rowell to contest as Liberal candidate, but doubt was expressed as to whether J. C. Elliott, sitting member, would retire in favor of Mr. Rowell.

During the day and evening sessions, many suggestions were made regarding plans upon which to build a platform. The liquor question was discussed, and argued at length, being finally left to the committee on resolutions.

President-elect Mackenzie King said that there was such diversity of opinion regarding the adoption of prohibition, as a fundamental plank of the party platform, that it might be necessary to call a special convention to consider that issue alone.

Mr. Rowell said he could not assume the active leadership for ten days yet, because of professional engagements. Mr. Rowell briefly advocated the fuller development of Northern Ontario and spoke of more advanced measures along the lines of social and moral reform.

The new leader was born in Middlesex county, just forty-four years ago tomorrow. Educated in London, Ont., he studied law and was called to the bar in 1891. In 1895 he was created a King's counsel. He has been a prominent corporation lawyer and played an important part in the reorganization of the Lake Superior Corporation in 1903. He was a strong opponent of Sunday cars in Toronto in the local campaign of 1893 and 1897.

A leading Methodist and temperance advocate, he has taken part in many religious movements, and is a member of the international committee of the Laymen's Missionary Movement. Mr. Rowell is senior partner of the legal firm of Rowell, Reid, Willie, Wood & Gibson.

SAYS ABOIDEAU WORK NOT ALL WELL DONE

Engineer Will Report to Water Board Tonight—Cost \$400 to Improve Fernhill Conditions

At the monthly meeting of the Water and Sewerage Board in City Hall this evening at eight o'clock the Marsh Bridge abutment will again receive consideration. The engineer reports that the work has not been satisfactorily completed and that there are some defective parts. It is estimated that the work can be completed for a sum in the \$1,000 retained by the city from the contractor.

With regard to the leak in the water main in Fernhill the engineer recommends that the culvert be extended to connect with the fifteen inch pipe at an estimated cost of \$400.

The bill for the four inch cast iron pipes ordered for the Marsh Road to supply the new warehouse of L. G. Crosby will be submitted for approval. The engineer recommends a catch basin for the eastern side of Elgin street.

SENDS UP NEW YORK RATE. Increase Attributed Chiefly to Making Salaries of Women Teachers Equal to Men's. (Canadian Press) New York, Nov. 1.—The total budget of the New York city government for 1912, is \$187,200,000. The tax rate will be for 1912, 1.85 and 1.88, an increase of from twelve to fifteen points over the rate for the present year. The increase in the budget is approximately \$15,200,000, and is due in a great part to the fact that the salaries of the women teachers in the city schools is to be equalized during this coming year with salaries of the men teachers.
