bursting through the skin in pinales, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular, disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulan of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparille has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not, all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been missled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rest upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle. DR. J. C. AYER & CO. LOWELL, MASS.
Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral, has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do, THAGNIFICENT ENGRAVING OF CHRIS TOPHER COLUMBUS and his crew.

Ayer's Sarsaparilla

A Compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extrasty of Para Sarsaparilla, so combined with sether substances of still greater alterative power as to afford an effective antidote for the diseasee Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those where suffer from Strumous complaints, and that case which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be four of the following complaints:—

Scrovilla And Scrovilous Complaints, Reustions and Eruptive Diseases, Ulcress, Pimples, Blotteris, Tumors, Salt Rheum, Scald Hard, Strendle and Strendle Affects of complaints and indeed the whole class of complaints arising from Industry. Drayers and Industry, France and Industry, Erustina, and indeed the whole class of complaints arising from Industry. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood, at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul—ruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to de this through the natural channels of the body by an alterative medicine. Cleause out the vitiated blood whenever you find it impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veriacular disorder.
