## Newfoundland Notice to Mariners

No. 14—1914.

## Burnt Islands District of Burgeo—South West Coast

Latitude 47° 35' 40" N.  
Longitude 58° 03' 00" W.

Notice is hereby given that two Red Lights have been placed on Great Burnt Island for the guidance of fishing craft of that harbor.

Structure—Wood, square in plan with sloping sides, 15 feet high from base to centre of light.

Colour—Both towers painted with two red and two white horizontal bands, lanterns white.

Remarks—Lights will be put in operation during month of January, 1915, without further notice.

N. E.—Burnt Islands Harbour affords good and sheltered anchorage for vessels of moderate size, but even with a small vessel no stranger should attempt to enter without a pilot, for the channels are not easily distinguished from seaward, and the numerous rocks give but little room for manoeuvring.

## WAR NEWS

Feb. 17.—Secretary Harcourt wires that Paris officially reports 250 yards trenches carried by Allies between Bethune and Labasse, and a stubborn engagement continues in Argonne. Germans captured some trenches near Nerroy in Lorraine. Petrograd reports further actions on Nieman-Vistula front in East Prussia. Austrian attacks repulsed southwest of Dolna Pass, but the Austrians are advancing in Eastern Galicia and Bukovina.

Forty British and French aeroplanes and seaplanes made another attack yesterday on German positions at Ostend, Middlekerke, Ostfelles and Zeebrugge in Belgium, dropping bombs with good results on forts, trawlers, barges and airship sheds. Nearly two miles of German trenches were taken in Senusfour yesterday.

General Benito Garibaldi, Italian patriot leading Italian Legion with French army, who visited London yesterday, says Italy will mobilize her army within fortnight to enter war with Allies, otherwise there will be a revolution.

## Women's Patriotic Association Notes

There are a number of ladies not quite long enough to forward to St. John's. If the women will kindly bring their knitting needles to the meeting on Wednesday night the ladies can easily be finished and forwarded.

Lady Davidson wishes that after this shipment of mittens and mitts were made, it would be wise to devote all attention to socks and shirts, socks mainly.

Messrs. Albert Fradsham and Albert Mercer sent the following into the address and articles for the Belgian Box: As an Association we are truly grateful to these men. On Tuesday afternoon at two o'clock we would be glad to see cutters at the courthouse to cut out this material. Please bring any pattern you think will be suitable. Our Belgian Box is growing and a great deal of interest is taken in it.

A letter of sympathy has been forwarded from the W. P. A. to the mothers of this district who lost their sons on the Vlieken.

### Fish Carrier Sunk

The fish carrier Willford M., bound from St. John's to Bahia with 4,685 qts. fish, was sunk recently off the east coast of South America by the German converted cruiser Kronprinz Wilhelm. The cargo was valued at \$35,000.

### Ex-Priest Shot

An exchange says: Ex-Priest William Black, patriot lecturer, was shot to death in his hotel in Marshall, Texas, U. S. A., on the evening of Feb. 3rd, when he was killed to deliver an address in that city. One of the mob who attacked him is said to have been killed outright and another fatally injured.

## The Archer Entertainers

The popular Archer entertainers have been playing to delighted audiences this week. The great versatility and merits of this Co. are sure to be appreciated wherever they appear. Though the audiences were not large, they were patronized by some of our best people. Mr. Archer's readiness to assist the worthy poor, by giving charity performances, is also deserving of much credit. Although the receipts were not large, every little helps, and no doubt if our people had not given in other ways the result would have been better. By the way, Mr. Archer as well as each one of the company lost heavily themselves by fire recently. The Co. are closing their season of 10 months' tour now, and intend opening again at Easter.

### THE SHERWIN-WILLIAMS PAINT

will cover. And on a good surface it will cover more than that. No paint will do better. A very few paints will do as well. Maximum covering capacity, easiest spreading qualities, longest wear and greatest economy are what we claim for S. W. Williams' the one safe paint to use. Always gives satisfaction.

If you want to save money in painting, let us show you the way. We sell paints for all kinds of good painting.

Miss Lilian Haléane, lately of Bay Roberts took a run down here on Monday to wish her friends good bye before going to Halifax, N. S., to see her father. Thence she will proceed to Texas to stay with an uncle there.—Standard.

The Mail and Advocate claims that the local branch of Bowring Bros. has deceived the F. P. U. in reference to Capt. Abraham Keen. A message from the principals in Liverpool dated Feb. 11, said: "Reply your cable decided withdraw Stephens also Keen this season's sailing voyage." This has since been reversed, and Capt. Abraham will go in command of the Fernial. This decision has led Mr. Oaker to start an agitation in earnest against the Bowrings.
