VOL. 7, NO. 171.

ST. JOHN, N. B., SATURDAY, MARCH 30, 1907

LATEST WEATHER REPORT.

FAIR and MILD

ONE CENT.

Cyphers' Incubators

Contain all the Latest and Best Features known in the Construction of Hatching Machines.

If you think of entering the poultry business see our line before purchasing, and rest assured it is better doing your business with a responsible local house than by mail with a concern hundreds of miles away.

Also—Brooders, and a full line of poultry supplies, including foods.

If you cannot call send for Catalogue.

W. H. THORNE & Co. Ltd, Market Square, St. John, N. B.

Curtain Stretchers.

The Frames Clear, Straight Grained Wood. The Pins are Solid Brass, Nickel Plated.

- No. 1—Twelve feet long and six feet wide... \$1.20
2—A stronger and heavier set... 1.75
3—Same as No. 2, but with easels... 2.15
4—Adjustable pins, fit the scallops in any curtain... 2.35
5—The same as No. 4 but with easels... 2.75

Emerson & Fisher, Ltd 25 GERMAIN STREET.

Watch Our Window and Prices.

We have just received a full range of Men's exclusively patterned Spring Shirts, superior quality. We also carry a full line of Men's Pants and Overalls. This is our own make which we sell at a low price. Come here and profit by them.

J. ASHKINS, 655 Main St. Opp. Long's, Open Evenings

HATS FOR THE YOUNG MAN!

THE FLAT BRIM DERBY is the proper shape this spring. Self Conforming, Fast Colors. Prices \$2.00 and \$2.50

F. S. THOMAS, Dufferin Block, 539 Main St., N. E.

Easter Suits

For Men and Boys!

We are showing the newest and most up-to-date Suits for Men and Boys. Something to please the most particular.

Men's Suits, \$5.00 to \$18.00
Boys' Suits, \$2.00 to \$7.00

American Clothing House, 11-15 Charlotte St.

LADIES! You can save 10 p.c. by leaving with us your orders for Easter Suits and Coats

We have just received READY-MADE CLOTHING for Spring. On this we will give the same discount, good until April 1st.

PARISIAN STORE, 47 Brussels Street. A. TANZMAN, Proprietor

Store open till 11 Tonight St. John, N. B., March 30, 1907.

CALL AT HARVEY'S Anniversary Sale Tonight.

Boys' Spring Suits... 90c to 8.00
A beautiful Easter Rose with each sale of \$1.00 or over.

J. N. HARVEY, Clothing and Furnishings, 199 to 207 Union St.

LUNACY COMMISSION WILL HEAR EXPERT EVIDENCE.

Dr. Hamilton Has Been Summoned to Testify—May be No Report for Some Time Other Alienists to be Called

NEW YORK, March 30.—Resumption of the examination of Harry K. Thaw by the lunacy commission in lunacy, which will determine his competency to understand his trial for killing Stanford White and to consult his counsel, will take place this morning. Two hours were spent in interrogating the prisoner on Thursday, but how long the commission will take to question him fully, is not known. It is conjectured that he will be in the witness chair all of this morning's session, and part of the afternoon. Almost as important as the inquiry and observation of Thaw by the commissioners will be the examination of the witnesses, including Allan McLane Hamilton. The news that he has been subpoenaed was a surprise, as it had been stated by Chairman McClellan on Thursday that no medical experts would be called by the commission.

The peculiar position Dr. Hamilton occupies towards the case makes his testimony very valuable. He was one of the first physicians called into the case. He examined Thaw not long after he killed White and was furnished with evidence gathered by Thaw's previous counsel as to Thaw's pathological condition prior to his shooting White. He was quoted as saying that Thaw was hopelessly insane and it was while he was on the stand, having been called by the defense, that the appointment of a lunacy commission was called for. He will probably be examined when Thaw's examination is finished and will be questioned at length by the commission as to his reasons for believing Thaw a paranoiac. Fresh sensations are looked for on his testimony. Now that Dr. Hamilton has been summoned it is rumored that other alienists will follow him before the commission. There is therefore much speculation as to what the commission will be able to reach a conclusion and report to Justice Pillsbury. It is expected that the person called by Thaw's counsel and by the prisoner himself that the commission will call its work with his examination. It is also rumored that the person in the Tombs who has had anything to do with Thaw since he has been confined there, will also testify before the commission. Included in this number are Drs. McGuire and Campbell, respectively the present prison physician and his predecessor, and such other alienists as have talked with the defendant.

NEW YORK, March 30.—Thaw lunacy commission went into executive session at 10.25 a. m. today with Harry K. Thaw before them.

CAR WORKS ON FIRE FOR THE THIRD TIME

Damage to Baltimore Plant May Amount to \$100,000—Negro Villagers Burned.

BALTIMORE, March 29.—For the third time since November, 1906, fire broke out tonight at the works of the Baltimore Car Works, about five miles from this city. The place is difficult to reach at night and the fire was very bad, but from the tops of the highest buildings here the flames can be plainly seen.

A telephone message to the office here of the Associated Press from the plant near the fire that can be reached, says the entire plant appears to be burning.

The company is at work on large contracts for cars for the Atlantic Coast Line, the Chesapeake and Nashville R. R., and the Coal and Coke Railroad, United States Senator Henry G. Davis having placed an order on behalf of the last named concern for \$1,000,000 worth of cars about a month ago.

The flames were first discovered in a part of the plant of the Maryland steel car wheel works immediately adjoining the South Baltimore car works, and in a very short time the whole plant of the car wheel company was blazing and beyond control. The Baltimore Car Works, the Maryland Steel Car Wheel Company are closely affiliated corporations, having the same offices. The estimates of the damage vary, ranging from \$50,000 to over \$100,000.

SANDUSKY, O., March 29.—Fire broke out here tonight at the grinding department of the Castalia Portland Cement Co. at Castalia. The loss is \$50,000.

Most of the buildings burned were negro shacks. In their places will rise modern buildings. Policemen Williams rescued two elderly women who had been almost overcome by heat and finally had a narrow escape from falling.

LAURENS, S. C., March 29.—Fire at Newberry, S. C., today destroyed 22 residences, ten stores and two churches, entailing a loss estimated at between \$150,000 and \$200,000 with insurance.

EMPERESS OF BRITAIN ARRIVED THIS MORNING

The C. P. R. steamer Empress of Britain arrived in port at 9.30 o'clock this morning from Liverpool via Halifax. Besides a good general cargo she brought here 1,472 passengers. The steamer had a fair winter passage out to Halifax where she landed 29 passengers. The trip round from Halifax was fine. The passengers were 162 women, 463 second cabin and 848 steerage. With the exception of a few who did not pass the examination by the immigration officials the passengers will go west by special train this afternoon.

WOODSMAN'S AXE FELL FROM HIS DEAD HANDS

Ezekiel Nason Stricken While at Work Today.

Wesley Tracy, of Tracy Station Died Suddenly at His Home This Morning.

With his axe held high in the air, and about to bring it down on the piece of timber which he was chopping, Ezekiel Nason, of Fredericton, Junction, this morning fell to the ground dead. Mr. Nason with others was engaged in cutting railway ties some two and a half miles from his home. About nine o'clock while at his work, and without any warning, he was seized with a heart failure, became insensible and died. Mr. Nason was fifty years of age and leaves a wife and six small children.

Wesley Tracy, of Tracy Station, died suddenly at his home at four o'clock this morning. He had been suffering for some days from heart trouble, and although Dr. A. J. Murray, the attending physician had pronounced him incurable, his sudden passing was entirely unexpected. Mr. Tracy, who was in his fifty-fourth year, was one of the best known men in the district in which he lived, and was highly esteemed by all. He was unmarried.

BATTING NELSON WANTS A WHOLE LOT

His Terms for Another Fight With Gans.

Ringside Weight Only to be Accepted—McCarney and the Burns-O'Brien Bout.

SAN FRANCISCO, Cal., March 30.—Ringside weight and split the purse 75 and 25 are Batting Nelson's very latest terms, which he will submit to Joe Gans the next time there is a meeting to talk match. Soon after the Dane returned from London he spoke about fighting the negro at 135, tip the beam three or four hours before ring time. Either Nolan was misquoted, or else he has a change of heart, for 135 ringside is the only weight he will consider now. As to the division of the spoils he has not such set views, though Gans has. One hundred and thirty-three ringside Joe can make with little effort, and will if he can dictate about the purse. Ben Selig has stated that Joe will be satisfied with 60 per cent. of the purse, win, lose or draw. As a compromise, it has been suggested that Gans collect 60 per cent. if he wins and 50 if he loses. In view of the fact that Nelson expected 60 per cent. win, lose or draw from Gans at Goldfield, the proposed compromise would seem fair and equitable. Billy Nolan will arrive here shortly and then we will see what we shall see.

It will be recalled that "some gamblers from San Francisco," meaning Jimmy Coffroth, Henry Corbett and a half dozen others, slipped him (Nolan) a phoney check at Goldfield. That is, Nolan died that day. No one else ever thought so, but Nolan had to take some excuse east with him. Now that he is about to return to the land of thieves, it is to be presumed that he will have a body-guard to put him wise to the antics of the pes-and-shell boys, who may conspire to snare him. The wily manager has sent word ahead that he is not coming to effect a championship. It is purely business, says the wily manager to see his folks, and nothing more.

Of course, the promoters won't have his car and he'll have a match will undoubtedly be made eventually, but who will promote it is problematical. TEX RICKARD is not sleeping regularly tonight about his no mistake that the Nevada plunger is not in dead earnest about booming Ely with a \$50,000 fight this summer. Willie Britt came down from Reno with Tex, and all Rickard could talk about was matching Nelson and Gans.

A telephone message to the office here of the Associated Press from the plant near the fire that can be reached, says the entire plant appears to be burning.

The company is at work on large contracts for cars for the Atlantic Coast Line, the Chesapeake and Nashville R. R., and the Coal and Coke Railroad, United States Senator Henry G. Davis having placed an order on behalf of the last named concern for \$1,000,000 worth of cars about a month ago.

WESTERN RAILWAYS ARE LIKELY TO BE TIED UP.

Winnipeg Learns That Conductors Will Go on Strike—Murder Suspected in Death of Man in Ontario

Will Arrest Scott ACT WITNESSES.

Too Many Are Dodging the Moncton Courts.

Former Police Chief Goes to Campbellton—Arthur Logan Fatally Hurt in Boston.

MONCTON, March 30.—Another Scott Act case, the one against Edmond Bourque, had to be adjourned in the police court today because witnesses did not appear. Several cases have had to be adjourned on this account of late, the dealers sending witnesses away and thus making it impossible to secure convictions against them. As a result instead of summonses will be served on witnesses, thus ensuring their appearance at the trials.

Leslie Chappell, formerly chief of police in Moncton, has decided to accept the position of chief of police at Campbellton and will report for duty the first of the month.

F. A. Logan, of City Market, this morning received a telegram from Boston announcing that his brother, Arthur, had been fatally hurt at that place. No particulars were given. The young man was twenty-three years of age, belonged to Prince Edward Island, and had been in Boston for several years. He was a carpenter by trade.

HUSBAND'S HEART PUMPED BLOOD INTO HIS WIFE

Woman in New York Undergoes a Most Remarkable Surgical Operation

NEW YORK, March 30.—For the first time in this city, transfusion of blood was resorted to yesterday to save the life of a patient, says a despatch from Philadelphia. Mrs. Anderson was dying from an aneurism of the aorta in the Hospital. The doctors decided on a bold stroke to save her life, and the husband of the dying woman cheerfully permitted a quantity of his blood to be pumped into his wife's veins. The woman was brought back to consciousness and now has more than a fighting chance for complete recovery. Anderson, himself, though weakened by the loss of blood and the ordeal of the operation, soon rallied, and bids fair to be himself again in a few days.

Anderson was anaesthetized and the pulse in the left arm was severed. The large vein in Mrs. Anderson's left arm was severed and the artery of her husband was inserted in the incision. For an hour the man's heart pumped blood into his wife's veins. Then the arteries were loosened and the proper connection made.

HUNDREDS OF PEASANTS KILLED BY ARTILLERY FIRE

BUCHAREST, March 30.—Field guns loaded with grape shot, according to the official reports, are winning against the revolutionary peasantry, whose arms are mostly hay forks and scythe blades. The insurgents were able to hold their own against the troops at close quarters and even without cavalry charges, doing terrible work with long pronged forks and scythe blades strapped to long poles, but the slaughter since the troops used artillery appears to be terrifying them into submission. In the district of Vlasieva, where the outbreak was particularly serious, large numbers of insurgents have surrendered and denounced their leaders to the authorities, with the result that many of the latter have been arrested. The government hopes that with the leaders in jail the undisciplined bands will soon abandon the field.

The self-styled "generals" usually turn out to be country schoolmasters and village priests. Numbers of women are fighting in the insurgent ranks, and many of them have been found among the killed, shot by side with their husbands, sons and brothers.

A number of conflicts between troops and marauders continue to be reported. Two thousand insurgents at Gorj are said to have been quieted by the assistance of the authorities without resorting to force. A hundred and fifty more rioters have been wounded at Blistechi, and many of them have since died. Artillery was used at Cucuati, Valoalele and elsewhere, and in some instances whole villages are said to have been utterly destroyed by fire of nine-inch shells.

WESTERN UNION MAKES AN INCREASE IN RATES

CHICAGO, March 30.—The Western Union Telegraph Company has announced a new scale of telegram rates representing an increase in some cases, of 20 per cent., effective April 1. An or-

der to this effect was received yesterday by the local office of the company. The increase in rates is not the same in all instances. Between Chicago and New York the day rates have been increased 20 per cent. Where 40 cents has been charged for a message of 10 words between Chicago and New York, it will be raised to 56 cents after April 1st. The night rate between Chicago and New York has been increased from 30 to 45 cents. In other cases the increase is smaller.

TORONTO, March 30.—By a landslide on the Canadian Northern Railway at Harnedale yesterday, traffic on the line was interrupted for several hours and a train carried away.

The sudden change in the weather caused the bank to give way and it slid down just as a freight train was passing. Train and trucks were carried away by the force of the earthen avalanche, the trucks being shifted for some distance.

It was not reported that any serious damage was done, however, and nobody was injured. It took several hours to get the track into shape again, so that the express from Parry Sound could get through.

TORONTO, March 30.—With his neck on one of the rails, with four wounds in his head, and with his clothing partly torn off, Edward Elliott, an English laborer, was found dying at midnight on Thursday on the C. P. R. main line, between Port Credit and Lorne Park. Within a few minutes after being picked up in an unconscious condition, he passed away and from the attending circumstances there are grave suspicions being stopped in time to prevent running over his head and neck. While being hurried to Port Credit he died without being able to tell any of the events that led to his death. A horrible gash in the back of the head, which bled profusely, was in itself sufficient to cause death, while a small hole in the chin had the appearance of being the result of a revolver shot. This wound was partly probed by the coroner, but no bullet was found. The post-mortem examination will be held at Port Credit this morning, and it is expected that this will show whether or not murder was done.

WINNIPEG, March 30.—It was reported here last night that conductors on both the C. P. R. and C. N. R. will strike in the near future. The announcement came as a thunder bolt, following the declaration yesterday that western Canada would not be affected by the great railway struggle in the States. No rate has been announced, but the union believe they have gone too far and are asking too much, but whether their influence will be sufficiently strong to act as a restraint, it is impossible to say. If a strike is declared, it will come suddenly, when finally decided upon, and the lines will be affected as the conductors and telegraphers are affiliated, necessitating a sympathetic strike. The business community are raising their voices in a feeling almost approaching alarm and hoping for the best, realizing they are on the verge of a serious situation. The men anxious to strike are disposed to defy the labor disputes law on the ground of making this a test case.

Hance Logan, M. P., left for home last night.

Instructor Long, of the M. A. A. A., formerly of the Citadel, Halifax, left yesterday for Halifax in connection with the M. A. A. A. summer camp on McNab's Island, which begins July 29.

DEATH LIST IN WESTERN WRECK NUMBERS 22

Eighteen of the Victims Were Italian Immigrants—Half a Dozen of the Injured Will Die.

COLTON, Calif., March 30.—The list of those who met death in the wreck of the Sunset Express, which was wrecked Thursday afternoon in the Southern Pacific yards, has been completed and the search for additional bodies, supposed to be buried under the debris of the demolished cars, was abandoned as useless. The corrected list of dead, including two men who have died, is twenty-eight. Eighteen of these were Italians, notably all of whom were immigrants on their way to San Francisco.

Egan, who died last night, is not believed to have been aboard the wrecked train. He was found unconscious near the scene of the disaster. His death is believed to be due to an epileptic fit, induced by witnessing the accident. Fully half a dozen injured are reported in a condition so precarious that death is but a matter of hours.

CHARGED WITH VIOLATION OF THE ALIEN LABOR LAW

CLEVELAND, O., March 30.—Charges against the Altman Mfg. Co., of Canton, Ohio, charged with importing labor into the United States for the purpose of breaking a strike, were dismissed yesterday in the federal court. The counts were nolle prosequenda on the department of justice at Washington. The suit was instituted by the organization of the International Iron Moulders of America. It was alleged that when the moulders were on strike at Canton the employers imported several hundred foreigners from Canada to take the place of the strikers. The grounds on which the nolle was based, were that while the men came here from Canada and although they had not taken out naturalization papers, they had been employed previously in the United States.
