So far as known here no lives have been lost this spuring. Last season ten vessels foundered, 251 fishermen perishing.

The three masted schooner Bernadotte. of Bayonne, France, arrived here yesterday with the crews of the schooners Galathee and Neptune, which foundered on the Grand Banks during one of the recent severe gales. The Neptune and Galathee were near each other when the Galathee sprang a leak and began to fill. Just before she went down her crew was taken off by the Neptune. The next day the Neptune, which had been damaged, slowly settled. The Bernadotte came along and rescued both crews, the Neptune foundering in the heavy seas.

The Galathee and Neptune both hailed from this port. the Young Women's Club, of which the bride was a member.

atlanta, Ga., April 2.—Practically complete returns from all portions of Louisiana, Mississippi, Alabama and Georgia show that the death list in the tornadoes of last Friday, Saturday and Sinday will not be more than four hundred. The number of injured stands tonight at about 1,200, with reports indicating that a numbeor of persons hurt will probably die.

Relief has been extended by the United States government to Hattlesburg, Purvis and other towns in the four states, and the states themselves took prompt measures today for the prompt assistance of those made home— ATLANTA, Ga., April 2.-Practically

The floods which threatened parts of Georgia today caused no loss of life but did considerable property damage. The few who may yet be added to the fatalities are possibly a score of the two hundred most seriously wounded in hospitals throughout these states. The remaining injured, numbering about 1,000 were reported to be on the road to recovery.

about 1,000 were reported to be on the road to recovery.

The gravity of today's situation centred in the problems of the living, namely hunger and shelter. At least one stricken town was reported to have eaten literally its last meal at noon today and it was relying on charity for its supper. Fortunately the great territory over which the stricken districts were scattered, left an opportunity for the unharmed neighbors everywhere throughout these centres of want to furnish relief more quickly and effectively than would have been possible had the disaster been confined to one place. Cities, little and big, on all sides of the tornado belt made rapid preparations today to ship supplies and money into the tornado district. New Orleans started a money subscription and also slip-

ed a money subscription and also ship-ped food to Amite, the worst camaged town in this state. Amite was the town which reported its food supply practically exhausted today, otherwise the little fown was making rapid progress toward rehabil-

itation.

Purvis, Miss., was one of the few communities still reporting fresh lists of injured and dying who were found in the outlying country, some of them in a desperate state from lack of care. Amite, Purvis and several other stricken towns were badly frightened last night by heavy winds, but the only fatalities reported in this second storm was near Selma. Ala., where 4 negroes perished.

Belated reports from Hattlesburg, Miss., indicate that the loss of life in that section is much larger than at

when he will create new cardinals. Although nothing definite is known with regard to the names of those who will be elevated, it is believed that the list will include Mgr. Amiette, Archbishop of Paris; Mgr. Mendes Pello, patriarch of Lisbon, and a German representative who is likely to be Bishop Wm. Schneider, of Paderborn, or Prof. Franz Heiner, a noted theologian, known particularly for his writings on the syllabuses of Popes Plus IX. and X., who is to be called to reside in Rome. Nothing is known here with reference to the appointment of an American cardinal, the general impression at the Vatican being that no American cardinal will be created for the present. RUN DOWN AND SUNK

Another Disaster in the British Navy-Only One Life Was Lost.

HARWICH, Eng., April 28—The British torpedo boat destroyer Gala was cut in two and sunk this morning off Kentish Knock in the North Sea by the scout Attentive. The torpedo boat destroyer Ribble was also involved in the collision and returned to Sheerness with two compartments full of water. The fleet was engaged in night manoeuvres when the accident occurred. Engineer Lieut. Frank A.
