The girl turned suddenly and went to the window, where she stood looking out into the dripping garden. She felt her lips quivering and she must not let Bob see.

Bob looked at the crown of dark-red hair against the deep green of the window draperies, and his voice softened.

Dr. Wilson briefly gave the history of the church which he said ernor no power to dissolve the House. The amendment does very much more than what the premier intimated. Section II. says: "Unless sooner dissolved by the Lieut.-Goverror, the present and every future legislative assembly, if in session at the expiration of the term fixed by the preceding sub-section (providing for a term of five years and two months) shall continue until prorogued by the Lieut.-Governor and for forty days thereafter and no long-er." Under this amended law the present provincial government need not go to the country before June of 1908. The amendment no doubt was really proposed to prevent the government being caught in the position that the Conservative government of Canada was in during the parliamentary session of 1896.
