AMERICAN
FIGHTERS
TO FRONT

Paris, Jan. 24.—American fighters
scored heavily in a series of bouts
here tonight. Frank Loughrey of Man-
ayuk, Pa., knocked out the English-
man Dick Roberts in the second round.
Frank Moran, the Pittsburgh heavy-
weight knocked out the Englishman
Stoker Smith in the first round. The
American Sawnot fought draw with
the Englishman Wingre Eve.

CHATHAM WINS
FROM SUSSEX
HOCKEYISTS

Special to The Standard.
Chatham, Jan. 24.—Chatham won its
first game in N. B. Hockey League by
defeating Sussex tonight 4 to 0. Chatham
had the best of the territory play
and except for the wings, had the
opposing team considerably outclass-
ed, but Binney in goal was a stone
wall defence and enabled Chatham to
shut out the visitors. The score at
the end of the first half was 1 to 0
in Chatham's favor, but in the second
half the locals added 3 more.

Geo. Trices, of Moncton, refereed
and gave the best of satisfaction. The
game was very clean and only a few
minor penalties were imposed. No one
was hurt. The lineup was as follows:
Chatham Goal Sussex
Binney.....Smiley
Point.....Eveleigh
Cover.....Way
Milford.....Rover
Synnott.....Leclair
Centre.....Eddington
Gray.....Left Wing.....McLellan
Flood.....Right Wing.....Courtney
Carrie.....

Each team had three imported men.
Chatham's were Binney, Milford and
Gray. Sussex had Way, Eddington and
McLellan of Moncton.

MAPLE LEAF'S
WON ALL FOUR
BY DEFAULT

The Maple Leafs were booked to
play the Tigers on the Y. M. C. A.
bowling alleys last evening, but the
latter team did not turn up. The
Maple Leafs rolled off and made the
following scores:
Megarity ... 54 64 71-139 62
Robinson ... 79 64 87-230 76 2:3
Ballie ... 64 57 76-187 62 1:3

HOW FREDERICTON LOST
TO ST. JOHN HOCKEY TEAM

(Fredericton Gleaner.)
Fredericton lost its first game in
the New Brunswick Hockey League
last evening to the St. John club,
playing under the name of the 62nd
Fusiliers, by the narrow margin of a
single goal, the final score being 4
to 3.

The penalty list tells the story
pretty well for the odd goal, the one
which turned the tide of victory, was
the only one scored when the teams
were not playing on even terms and
the result, together with the fact
that the only disappointing feature of
the game to the spectators was in-
clination to turn a hockey game into
a boxing bout or club swinging af-
fair, should be sufficient to convince
the offenders that it is better to play
hockey and cut out the side issues.

When St. John scored their win-
ning goal, the only one they got dur-
ing the second half, Sterling was in
the penalty box as the result of hav-
ing taken an unnecessary and also in-
effective punch at Percy McAvity's
head when the two met against the
boards on the upper side of the rink.
The St. John man showed no inclina-
tion to do otherwise than play the
game, but Sterling took a swing at
McAvity's jaw. It was such a fragrant
offence that Referee Staples, of
course, could not allow it to go by
unnoticed, and the only wonder is
that he let Sterling get away with
such a light penalty as he handed out.
With the advantage of playing seven
to six the St. John team took on new
life for the moment and Clawson was
inclined to get the puck, when if Ster-
ling had been on the ice it is alter-
gether likely he would have been able
to have provided sufficient interfer-
ence to stop the score, although a
little more energetic defensive play-
ing on the part of those players remain-
ing on the ice could have had the
same effect.

ATTELL STILL
SAYS THAT HE
WAS DOPED

New York, N. Y., Jan. 24.—Dr. Joseph
Safrian, physician of the National
Sporting Club, Knockout Brown and
several other witnesses were heard
today at a continuation of the investi-
gation by the state athletic commis-
sion of charges made by Abe Attell
that he was doped in his fight with
Brown at the National Sporting Club
last Thursday night. All the witnesses
denied the allegation of the feather-
weight champion. In addition Brown
declared that Attell had fought as well
as he ever had seen him perform.

It is probable that no decision as to
whether or not Attell should be dis-
barred from participation in further
bouts in this state will be rendered
until several other witnesses are
heard.

Walker being below the standard in
this respect.
However, the Fredericton team had
the visitors on the defensive through-
out the second half and it was only
their great defence which staved off
defeat for the St. John team. Play
was on their ice during the greater
part of the half and failure to take
advantage of their opportunities ex-
plains why the locals did not score
defeat for the St. John team.

They shot from too far out,
Pugh and Galloway alone boring
in on the nets, and relied too much
on long shots to do the trick and, as
is the case in the large majority of
times, the long shots proved ineffec-
tive. There was one other feature
in which the St. John team had some-
thing on the locals and which is a
big factor in hockey games these
days, and that was in following back
to help out their defence on rushes
by the opposing players. Lack of
condition on the part of the Frederic-
ton team was evidently the cause of
this, Burden and Walker failing to
set back to help cover up their net.
A play on which the cover point and
rover should be particularly keen.

Both of these players, in fact prac-
tically the whole Fredericton team,
failed to follow back when the St.
John forwards made the rush in the
second half on which Clawson scored
what proved to be the winning goal.

Why Fredericton Lost.

The St. John team, however, made
a runaway start in the first half and
netted three goals in that period
while the Fredericton players were
showing poor form and seemed unable
to do anything to stop the onslaught
on their net, where Pugh was putting
up a lonely but game struggle. In
the second half the tables were very
largely turned and the Fredericton
team were the aggressors, and had
they been in as good condition as
their opponents, would no doubt have
been able to run up a big score.
Cribbs, like the local goaler in the
first half, was getting in front of all
kinds of shots from the different
angles, but while he blocked well he
lacked the ability of Pond in clearing
his net. That is when the St. John
defence players showed class; they
did the clearing of the nets for their
goaler, and they did it well, in fact
their work looked particularly flashy
because the Fredericton team was
lacking in an aggressive player in the
center of its attacking division to go
in on the nets, both Coleman and

What does 35% duty add to
the value of a Car?

UTOMOBILE buyers are so used to paying "The Canadian price"
for a car that they have formed the habit. When they pay \$2,200 for
a car, they forget that it is only a \$1,500 car they are getting; that
the extra \$700 is not real value but customs duty. They are
forgetting that the 35% duty is an outlay which does not give any
return in service. That it adds cost without adding value.

The Tudhopes have overcome this heavy
customs charge by manufacturing in Canada on
a large scale. They have adapted to Canada
designs and models which have been prepared
at enormous outlay for the larger American
market. Tudhope Cars are made entirely in
Canada—in a factory which is not surpassed in
equipment by any on the continent. The out-
put is large—the cost of production is low.
Tudhope Cars are produced in Canada for as
low a price as is possible in the United States.

And here is where the buyer profits. The
fact that customs duty must be added to the
selling price of other cars does not influence us
in fixing the price of the Tudhope. The 35%
which we save by manufacturing in Canada is
an actual saving to the buyer.

The import of this to Canadian buyers is
that in judging a Tudhope at \$1,625 they may
compare it point by point with cars sold at
\$2,300.
The difference in price is not represented
by a difference in value. The Tudhope has
the same durable construction; the same equip-
ment and the same refinements as the higher
priced cars. But Tudhope methods of manu-
facture have placed them on the Canadian
market at their real value.

Examine these cars. Note the superior finish, the nickel trimmings and fine upholstery; note
the Special Tudhope Equipment; long wheel-base and extra large tires which add to riding
comfort and reduce tire wear; the double-drop frame; long-stroke motor cast en bloc; the
material—chrome-nickel steel. Then note the following high priced features:

BOSCH DUAL IGNITION SYSTEM CONTINENTAL DEMOUNTABLE RIMS SPECIAL EQUIPMENT
The unit power plant of the Tudhope,
with its long-stroke motor, is equipped
with Bosch Dual Ignition System.
This gives two independent sources of
current and insures perfect ignition.
It is the best system obtainable.

All Tudhope cars have this superior
equipment, which is recognized as the
safest and most convenient. It is the
equipment adopted by all the high-
priced cars and is included in Tud-
hope Cars without extra cost.

The Tudhope prices include everything
the buyer needs, top and windshield
of course, also speedometer and steel
tool-case on running-board. Every
Tudhope is supplied with an Extra
Tire and demountable rim, tire irons
and waterproof case.
