## HUNS BOMBARD STRICKEN CITY OF LENS AGAIN

Two Civilians Killed and One Wounded—Enemy Beaten Back Near Lake Doiran.

Paris, Aug. 12.—The communication issued by the war office this evening says:

"Today the cannonade assumed at times rather considerable violence in Belgium, in the sector of Houthulst Forest, and on both banks of the Meuse (Verdun region).

"The Germans have directed a scattered artillery fire all over the city of Rheims. Two civilians were killed and one civilian was wounded.

"The day was quiet elsewhere. On the night of August 10-11 and during the day of the 11th our aviators on the front in Belgium bombed enemy encampments to the north of the Houthulst Forest and also the stations at Cortemarck and Lichtervelde. A fire was started and violent explosions were observed at Lichtervelde. The aviation ground at Colmar (Upper Alsace) also has received many projectiles.

"Army of the east, August 11: The enemy attempted several attacks near Lake Doiran, in the Cerna bend and in the region between Lakes Prebana and Orchida. All the attacks were beaten back. The British troops in the region of Krastall carried out a successful raid on Bulgarian trenches."

his usual rounds of the hotels to see that the bars were closed at 5 o'clock. He informed the proprietors if they opened on Monday for business fines would be put on them until they would have to quit the trade. The Mayor and Ald. Tweedie at the last meeting of the council spoke strongly against the liquor evil, the Mayor intimating that if the present officers could not control the traffic others would be got who could.

Ald. Tweedie, who is chairman of

"Cheerful Charlie," — No young man can get his innings for his outings with-out white trousers.

Here in white serge at \$5.75, white serge with hairline stripe at \$5.50, white duck at \$1.50; homespun, \$4.

Sale prices on some smart pinch-back suits for young men.

Gilmour's, 68 King St.

Open Friday Evenings; Close Saturdays 1 p. m. June, July and August.

the police committee, promised a change before the next meeting and the above is the result. The present council has made the bars close at 5 on Saturdays and at 8 other nights, and was thought to have a very good grip on the situation. Bottle gangs were in evidence on the wharves today.

Sussex, Aug. 10.—Judge Folkins, Simon Priars and W. H. Culbert were in Sydney, C. B., this week attending the annual session of the Maritime Province Grand Lodge of Oddfellows. Mrs. Ora F. King is chaperoning a number of young girls who have gone to Martin's Head to camp. The party includes Olive and Kathleen McKenna, Elsie Thompson, Hazel Hardisty, Helen Dobson, Marjorie and Molly Kennedy.

# TORNADO CREATES HAVOC IN TWO PROVINCES

## IMMENSE DAMAGE DONE BY TORNADO IN NEW BRUNSWICK AND NEIGHBORING PROVINCE

Conductor Seriously Injured at Ohio Station, N. S.—Buildings Badly Damaged, Trees Uprooted and Boats Ashore at Yarmouth and Vicinity.

MONCTON GIRL SCOUTS' TENTS AT POINT DU CHENE BLOWN DOWN

Damage to Crops and Valuable Trees in Westmorland County and Other Sections Very Heavy—At Sackville Wind Highest in 37 Years.

Special to The Standard.

Yarmouth, N. S., Aug. 11.—The most destructive storm in recent years struck town yesterday afternoon about three o'clock, doing damage to the extent of hundreds of dollars from a monetary point of view and irreparable damage from the standpoint of beauty. Dozens of the most beautiful trees in town are down and the streets are littered with debris. Trunks of trees, broken glass, pieces of window sashes, roofs, etc., are lying around in all directions. Fortunately no loss of life has resulted, and the only man injured

so far as we have been able to find out is Conductor Herbert, who had both arms broken and his face injured, and is now in the hospital. The accident to him happened at Ohio Station, when the roof was torn off a box car and the flying fragments landed on him against the high platform. Passengers were down and the streets are littered with debris. Trunks of trees, broken glass, pieces of window sashes, roofs, etc., are lying around in all directions. Fortunately no loss of life has resulted, and the only man injured

Reminders of Hun Army. The worst looking streets are CHURCH and WILLOW, these streets look as

Related reports, partly due to the interruption of wire communication, indicate that the cyclonic wind which swept over many portions of the province and Nova Scotia Friday caused an immense amount of damage to buildings, crops, boats, shade trees, wires and gardens and steamboats. Yarmouth undoubtedly suffered worse than any other large town. What was similar to a western tornado swept through long district about three o'clock in the afternoon. Several of the streets of Yarmouth looked as if a German army had marched through them as it did in several French towns. Trees were blown down, residences and fences damaged, windows broken and outside growing crops were badly injured. Many orchards suffered heavily.

At Ohio Station, in southern Nova Scotia, the roof of a box car was torn off, the flying fragments pinning Conductor Herbert against a high platform. Both arms were broken and he was otherwise injured.

It is reported that a vessel is ashore at Chebogue Point, N. S., but the wires to that place are down.

At Yarmouth Manasseh Cook's barn was blown down. Over a dozen boats were driven ashore, but so far as can be learned there was no loss of life.

The storm was a severe one in Albert and Westmorland counties and growing crops were damaged. In Hopewell Hill, Moncton, Sackville and elsewhere shade trees were blown down and in the country districts the damage to crops was heavy.

The Girl Guides of Moncton, who were camping in tents at Point du Chene, were caught by the storm and their tents blown down. No person was injured and the girls were given quarters for the night by hospitable residents of the Point.

The wind at some places attained a velocity of sixty-five miles an hour, especially at Yarmouth.

though a German army had been along there is persistent rumor that a vessel is ashore at Chebogue Point, but as the wires are down the rumor cannot be verified. The wind attained a velocity of sixty-five miles per hour. We can stand the loss of shade trees, flag poles, etc., but the heaviest loss will be in the fields of growing crops, and this will be impossible to estimate.

A Narrow Escape.

Hopewell Hill, Aug. 12.—A small tornado struck the village Friday evening about six o'clock and did considerable damage to trees and gardens. An old landmark—the one remaining tree, an immense willow, on the Church of England property, which saved the other churches and dwellings on the hill from destruction at the time of the burning of the Episcopal church and public hall twenty years ago—was torn out by the roots, a passing carriage narrowly escaping injury from the limbs in falling, scraping the back wheels. Another large willow tree was uprooted, falling across the grounds of the Baptist church. Roads and lawns were strewn with large branches throughout the village, and the wind continued in violence until late in the evening.

Damage in Sackville.

Sackville, N. B., Aug. 11.—The oldest inhabitant says that since the New Year's blizzard of thirty-seven years ago no wind storm has visited Sackville equal to that of last evening. From a heavy gale at six o'clock it had assumed tropical intensity at nine o'clock and continued unabated in fury until 11:30 when it suddenly subsided into a peaceful moonlit calm.

The damage in its wake is extensive and heavy throughout the town and parish of Sackville. Beside the harvest crop, the tomato and corn crops, which had reached an unusual growth this season are ruined. Many magnificent elms and birches, the cherished landmark of over half a century are uprooted and lying prostrate. The telephone system and the wires of the Eastern Electric suffered extensively and owing to the thorough system of upkeep by the management, escaped what otherwise would have been disaster.

The storm does not seem to have extended to the Northumberland Straits and consequently the government works at the Cape Tormentine breakwater escaped any damage.

## BOY DROWNED IN SIGHT OF FATHER

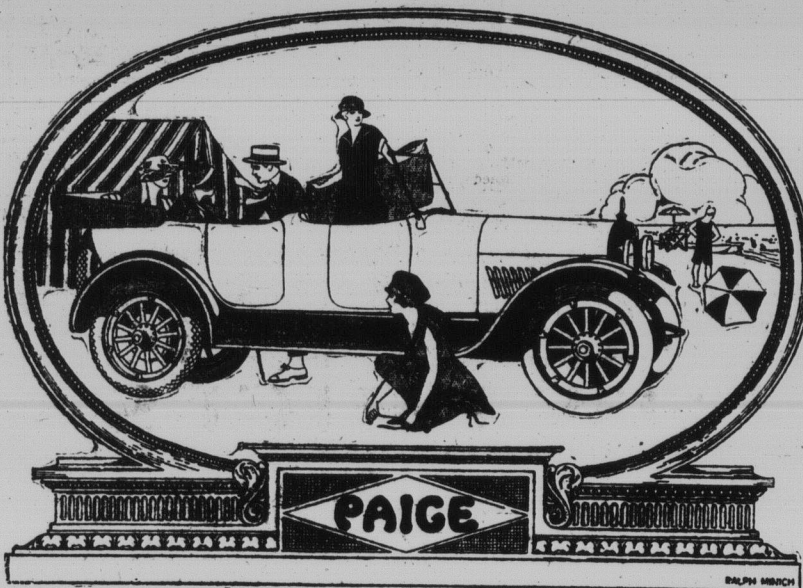

Prince Edward Island Fisherman Loses His Life.

Charlottetown, P. E. I., Aug. 12.—A boy and drowning accident occurred at Corran Bay, thirteen miles from Charlottetown, Friday. The boy, John James McDougall, the nineteen-year-old son of Mr. Donald McDougall, of that place had gone out in a dory to overhaul his lobster traps. While leaning over in the act of raising a trap the dory shot out from under him leaving the young man struggling in the water. The father of the unfortunate boy witnessed the accident from the house about ten chains distant and hurried to the scene but when he reached the spot his son had disappeared from view.

## OBITUARY

Mrs. Frank M. Dayton, Moncton, Aug. 11.—With deepest regret it was learned this morning by a large circle of friends in this city and throughout the province of the death of Mrs. Frank M. Dayton, of this city who passed away at the residence of her parents, Mr. and Mrs. W. H. Crandall, 134 King street. The deceased lady was a prominent social worker and gave much of her time to entertainments. Although not well at the time, she participated in the last amateur entertainment. Her splendid voice was always appreciated and no entertainment was felt to be complete unless she took a principal part.

Mrs. Dayton was a valued member of the First Baptist Church of this city and was one of the mainstays of the splendid choir of that church. She was also an enthusiastic Red Cross Worker. Deceased at the time of her death was twenty-eight years of age. Besides her parents, Mr. and Mrs. W. H. Crandall, of King street, and her husband, Mr. Frank Dayton, three sisters and one brother survive. The sisters are Mrs. J. B. Crandall of New York and the Misses Dorothy and Margaret residing at home. Mrs. H. S. Thompson is a cousin of the deceased and Mrs. W. B. Dickson and Mrs. J. H. Rogers are aunts. Pte. Harry Crandall the brother is now "somewhere in France."

The Most Beautiful Car in America

The Paige is now reaping the reward of conservative financial policies and sound business judgment.

The creation and the continued maintenance of the quality that has made The Most Beautiful Car in America the overwhelming choice of the public, are due to the advantages the Paige Company possesses. These advantages are:

A capitalization far lower than that of any other company approximating the Paige in the sales-increase during the past six months—in which field, by the way, the Paige has distanced all competitors.

Scientific management that keeps overhead expense down to the minimum.

Huge manufacturing facilities operated by modern, scientific methods.

Low profit per car.

There you have in a nutshell the reasons you can buy Paige quality at so low a figure in these days of high prices.

NOTE—It is impossible for us to guarantee the following prices for any definite length of time.

Stratford "Six 51" Seven-Passenger, ..... \$2,250 f. o. b., St. John  
Linwood "Six 39" Five-Passenger, ..... \$1,740 f. o. b., St. John

Paige-Detroit Motor Car Company, Detroit, Mich.
