## Fall Opening

WITH THE SINCERE BELIEF THAT OUR EFFORTS TO INTERPRET THE MODES FOR THE NEW SEASON IN THEIR MOST AC-  
CEPTABLE PHASES WILL BE PRONOUNCED DELIGHTFULLY SUCCESSFUL.  
WE EXTEND YOU A CORDIAL INVITATION TO THE  
**AUTUMN OPENING, TUESDAY AND THE FOLLOWING DAYS**  
A PRESENTATION OF LOVELY MODES—STYLES QUIETLY DISTINCTIVE OR DARINGLY SMART—VARIETY IN BROAD CON-  
CEPTION OF WHAT'S NEWEST AND APPROVED.

Not the least important means to keeping home morale up to the "highest win the war spirit" is the matter of dress. "All's well at home" is most emphatically expressed when a nation's womanhood maintains its smart dressing, expressive of courage and high spirit. This is one phase of woman's duty and obligation in times like these that has been laid down by the good Queen Victoria.

### THE DELIGHTFUL NEW FASHIONS

assembled in opening display Tuesday will prove nothing short of an inspiration to St. John's femininity. As a fashion exposition this event will present, Tuesday and throughout the week the season's most approved styles, and emphasize the charm of the season's new novelties. Its essence is refinement, distinction, exclusiveness, and originality. The various sections will be fittingly decorated in a setting worthy of the beautiful modes, and expressive of the charm of the season.

#### Announcing the Season's Magnificent Creations in LOVELY FUR FASHIONS

Novelties of style—and never have we known a greater variety—hold a place of secondary importance only to quality. Selected skins, perfect blending and fine workmanship form the basis upon which the beauty of these Fur Fashions is built. Styles distinctive of the new season feature especially Coats of slightly wider swirl, fashioned usually with Tie or Buckled belts. Hudson Seal Coats of rare beauty, trimmed with such contrasting peltries as Beaver, Opossum, Sable, and Lynx, \$175.00 to \$450.00. Fur Sets in Beaver, Seal, Mole, Sable, Mink, Fox, Opossum, Lynx. Nowhere will you find such quality and value combined. Prices range from \$25.00 to \$150.00 per set.

#### THE AUTUMN FROCKS

Achieve smartness in many new and unusual ways.  
Subtly clinging lines, the rhythmic, rippling sway of graceful tunics—such is Fashion's guiding rule with regard to the new gowns.  
The tunic is as varied in form as femininity itself. It may flow in a long, slim panel from the shoulders. It may suggest a Grecian drape. On one dress it may be at the back only, in another it appears as an apron—Almost endless are the guises it assumes.  
Fascinating New Soft Lustrous Satins, and the never-fading Serge, in which the new modes are given their happiest interpretation.  
One sees Little of Collared—favored shades are Henna, Soldat Blue, Capuchin Brown, Reindeer, and Caramel, are smart, while Navy Blue ranks high.  
Prices . . . . . \$25.00 to \$85.00

#### THE TAILORED SUIT FOR AUTUMN WEAR

Dignified Simplicity—that is the most distinctive characteristic of the new Fall Fashions. A simplicity so engagingly emphasizing the beauty of the exquisite new weaves—serving as an inspiration for such wondrous elaborations—you'll declare that never did a new season bring modes so lovely and becoming.  
Paris definitely sponsors the tailored Suit for Autumn—Paris now pursues her vocations and avocations "au pret"—and so she has given closer attention to the practical street tailleur. It follows naturally that the new modes are implying new—distinctive—replete with that indefinable chic, so unmistakably French.  
Latest French designs translated by American artists are given special prominence in these displays.  
And very charming they are with their long coats, tight sleeves, and narrower skirts, in the new instep length. And fashion has shown herself very impartial in the choice of materials. Velours, Broadcloths, Gabardines, Duffa Cloths, impart a peculiar softness and beauty to the correct Autumnal tints—Cuban Browns, Bison, Reindeer, Blues.  
Prices . . . . . \$35.00 to \$85.00

#### THE NEW FALL COATS

Beautiful As To Fabric and Distinctive in Design.  
Voluminous Fur Collars that often envelop the shoulders. An effectively placed panel or plait, seams suggestive of tunic lines. The variety of lovely weaves gives little hint of a shortage of wool. Sumptuous Velours, Crystal Cloth, Rayonier, Duffa Cloth. The luxurious fabrics are equally as captivating as the very charming modes. Hudson seal is much to the fore as trimming, so also are Beaver, Raccoon, Nutria, Wolf, and Kolinsky. Shades such as Reindeer, Bison, Cuban, Browns, are particularly noteworthy. Greens, Taupes, and Navy are others favored most.  
Utmost value at moderate cost—Prices \$25.00 to \$100.00.  
Liftings deserve a paragraph to themselves, they are so strikingly beautiful—exquisite Silks, their bizarre patterns and gorgeous colorings striking a note of irrepressible gaiety.

## THE BERLIN WAR OFFICE ADMITS WITHDRAWAL OF GERMAN LINES

**Teutons Fall Back on Twelve Mile Front Between  
Arleux and Villers-Guislain, Also Between the  
Aisne and Ailette Rivers and Other Sections—  
Strong Allied Attacks and Some Heavy Fight-  
ing.**

Berlin, Sept. 29, via London.—Ger-  
man reserves, thrown in on the Dix-  
mude-Ypres line in Belgium, checked  
the Allied advance Saturday afternoon,  
according to the official statement  
from German general headquarters.  
Heavy attacks were made against  
Wytchaele Ridge.

Between Arleux and Villers-Guislain,  
(a front of more than twelve miles),  
the German line was withdrawn to the  
rear positions. The Allied troops con-  
tinued their attacks in the Cambrai  
region.

Between the Ailette and the Aisne  
the German lines have been withdrawn  
(without enemy interference) behind  
the Oise-Aisne Canal.

Strong Allied attacks continued on  
the front from the Suippe to the  
Meuse. In most places they were re-  
pulsed. Some-Py was lost by the  
Germans, while in the Argonne the  
German line was moved back because  
of an Allied advance into the Aire  
Valley. American attacks gained lo-  
cal successes. The statement reads:

**Belgians Active.**  
"The British, in conjunction with  
the Belgians, extended their attacks  
into Flanders, and renewed their at-  
tacks against Cambrai. The French  
and Americans attacked again in the  
Champagne as well as in the Argonne  
and the Meuse.

"From the coast to the south of  
the Lys there was a violent artillery  
duel during the night which in-  
creased to the strongest gun fire in the  
morning hours. Between Dixmude and  
Wulverghem the enemy succeeded in  
taking our crater positions and in  
pressing forward in places into our ar-  
tillery lines. The enemy attack was  
brought to a standstill in the after-  
noon on the line Woumen-Clerken-  
Westphal. Panchende-Beesclarcne-  
Easwilde-Holbeke. Attacks launched  
in the evening against this line  
were repulsed with the help of re-

serves. The heights of Wytchaele  
were held against repeated enemy at-  
tacks.  
**Germans Withdraw.**  
"West of Cambrai early yesterday  
(Saturday) in consequence of the loss  
of the canal positions (Canal Du Nord)  
on both sides of Marquion in Friday's  
fighting we withdrew our front from  
open territory into rear positions on a  
line from Arleux to Aubigny to west of  
Gonnelle. The movements were car-  
ried out during the night undisturbed  
by the enemy. In the morning the  
enemy for a long time kept the evacu-  
ated territory under fire. At midday  
he began to press forward sharply  
and attacked northwest and west of  
Cambrai with strong forces. He was  
repulsed as were also attacks in the  
evening directed against our lines  
south of Marquion.

"Between the Ailette and the Aisne  
we withdrew our lines without enemy  
interference behind the Oise-Aisne  
Canal between Anisy-Le-Chateau on  
the Ailette and Bourg on the Aisne.  
The movement which had been prepar-  
ed for some days ago, was carried out  
according to plans and was not dis-  
turbed by the enemy.

**In the Champagne.**  
"There were successful forward en-  
gagements west of the Suippe (Champ-  
agne). Between the Suippe and Aisne  
and between the Argonne and the  
Meuse the enemy continued his strong  
attacks. They were especially heavy  
yesterday and sanguinary for the en-  
emy. Our troops fighting in this region  
were of all the German forces and again  
fought magnificently despite the  
heavy demands upon them in the last  
few days, gaining complete defense  
success.

**Summer Complaint  
CAUSES MANY DEATHS  
AMONG INFANTS.**  
If every mother would keep on hand  
during the hot season, a bottle of Dr.  
Fowler's Extract of Wild Strawberry,  
she would be saved a great deal of  
anxiety and her baby a great deal of  
pain.

Hundreds of infants are carried off  
annually through neglect of this simple  
precaution. There is no remedy so  
safe and effectual for the cramps and  
pains in the stomach, cholera infantum,  
the diarrhoea of teething children  
and none which has saved so many  
babies' lives during the past seventy-  
two years it has been on the market.  
Mrs. C. W. Cooper, Collingwood,  
Ont., writes: "When my little boy was  
four months' old he had a very bad  
attack of summer complaint. Nothing  
seemed to do him any good that was  
prescribed by the doctor. He got  
steadily worse until we thought we  
would lose him. One day a friend  
with children of his own, asked me if I  
had ever used Dr. Fowler's Extract  
of Wild Strawberry. I at once got  
a bottle, but with no hopes of it doing  
any good, so so much else had failed,  
but to my surprise and wonder, I soon  
saw a change in baby, much to my  
great relief, and we soon had him  
well again.

I now keep it in the house all the  
time, and when the children show any  
signs of diarrhoea it never fails to  
check the attack."

There are many substitutes for  
"Dr. Fowler's" on the market. Don't  
accept any of them. Get the genuine

## WEDDINGS.

A wedding of much interest to many  
in the Maritime Provinces took place

Nase of this city.

in Montreal in his chosen profession.  
On the outbreak of the war he offered  
his services and served for thirteen  
months as a member of the Medical  
Corps in the Imperial Army.

For over a year he was on the staff  
of the Royal Victoria Hospital, Mont-  
real, in the eye and ear department  
and has just returned from a three  
months' post graduate course in New  
York in eye, ear, nose and throat work.  
The young couple arrived in St.  
John on Saturday and will leave this  
morning for Summerside for a week  
after which they will return to this  
city where it is the intention of Dr.  
Nase to locate and specialize in dis-  
eases of the eye, ear, nose and throat.

Their many friends will wish them a  
happy journey through life.

of the Argonne were brought to a  
standstill south of the Apremont-  
Clergues line.

"Montfaucon was evacuated in view  
of the threatening surrounding move-  
ment. Attacks advancing by way of  
Montfaucon and to the east thereof,  
failed before our new lines.  
"The French and Americans yes-  
terday again suffered heavy losses.  
"Yesterday we shot down thirty-  
three enemy airplanes."
