The steamer arriving from up river brought little freight yesterday but many passengers. Strawberries are reported scarce along the river and were reaching at 25 cents a box about the city yesterday.

CONCERT ENJOYED.
The City Concert Band under the direction of Bandmaster Frank Waddington, gave another fine programme in King Square last evening. A large crowd was present and there were many favorable comments on the excellent selections.

REFUSED TO PAY.
Fred Vincent, aged 19, and Carl Wain, aged 17, were taken in charge yesterday by Mrs. Ida Curley, who charges them with refusing to pay for two meals which were ordered and eaten by them in the restaurant, Carmichael street. The meals were valued at eighty cents.

GUEST OF LIEUT. GOVERNOR.
Sir Joseph Pope, under-secretary of State, Ottawa, and nephew of the late W. H. Pope, one of the Prince Edward Island leaders of Confederation, is the guest of Lieut.-Governor Pugsley at Rothesay during his stay here, while making preparations for the reception of H. R. H. the Prince of Wales.

EXTEND THE TIME.
The Board of Commissioners of the General Public Hospital met yesterday afternoon for the purpose of opening tenders for the construction of the new Nurses' Home. It was decided, however, to extend the time for the receiving of tenders until noon on July 21. None of the tenders, so far submitted, were opened yesterday.

THE ANNUAL MEETING.
The annual meeting of the rate payers of Rothesay met last evening and heard reports from those in charge of the Consolidated school. The work of the last year has been very successful and much praise was given those who had had the work in charge. E. S. Carter, whose term as trustee had expired, was re-elected. Roy Carritt was appointed an auditor.

WORKING MAN'S HOME.
The building which has been consecrated the Evangeline Home, a military hospital, and a hospital for soldiers' dependents is now in operation as a working man's hotel and has several permanent boarders already. Commandant Sheppard of the Salvation Army is rapidly getting things in order and it is expected that there will be a public and formal opening by Colonel Moore, divisional commander, within a few weeks.

WANTED AT McADAM.
Thomas Wheeler and James Bradley, who said they hailed from Bangor, (Me.), were placed under arrest last evening by Detectives Power and Bliddescombe on instructions from the police at McAdam Junction. This pair was arrested Sunday morning, charged with not giving a satisfactory account of themselves. Yesterday they were released and went to Courtenay Bay to secure work. They were found there last night.

TIMBER MARKET REPORT.
Alfred Dobell & Co. of Liverpool, in their timber market report dated July 1, 1919, say that the stocks of Nova Scotia and New Brunswick spruce deals are still meeting, held in the open market, while the final details of several important dimensions. Operations continue restricted owing mainly to the difficulty of obtaining tonnage. Hardwood planks are wanted and have not arrived as freely as during the previous month.

SPLENDID ENTERTAINMENT.
There was a splendid attendance last night at the exhibition drills and concert by the girl guides and boy scouts of the Salvation Army, given at the Brindley street barracks. Chorus by the boys and girls, instrumental selections by the girl guides, selection by the scout band, and many intricate drills were features of the entertainment, which was somewhat the same as that given last week at the Charlotte street hotel.

BUILDING CONDITIONS.
The high cost of material has exercised a deterring influence on building conditions. During June, building permits to the extent of \$9,800, as against \$2,250 in June last year, were issued. For the six months the total of building permits amounted to \$50,000, while for the previous year they reached \$24,725. Tenders are being called for a new nurses' home, to cost about \$105,000. The proposed Country Club house at Riverside will cost about \$25,000; a \$10,000 dwelling on Wright street is under construction. A few other residences are under construction in various parts of the city. The total of these would probably reach \$40,000. St. David's Church will be completed about September 1. A concrete apartment house is about to be begun on Wright street. In the Grant and Horne shipyard a large schooner will be ready for launching in August.

PROGRAMME FOR RECEPTION TO
PRINCE DECIDED ON YESTERDAY

Sir Joseph Pope, Under Secretary of State, and Captain Hawes of the Admiralty Conferred With Lieut.-Gov. Pugsley, Premier Foster and Mayor Hayes—Sir Joseph and Lieut.-Gov. Discussed Programme Last Night.

Sir Joseph Pope, Under Secretary of State, Ottawa, and Captain Hawes, of the Admiralty, Halifax, conferred yesterday with Lieut.-Governor Pugsley, Premier Foster and Mayor Hayes with regard to the reception which will be tendered His Royal Highness the Prince of Wales, when he makes his first visit to Canada at this port next month.

The programme, which has finally been decided upon, was discussed by His Honor the Lieut.-Governor and Sir Joseph Pope last night, and is practically as published below. His Royal Highness, the ac-capparing to the British throne, will arrive in St. John harbor on board a battle cruiser, escorted by other war-armed ships of the Royal Navy, at 10 o'clock on the morning of Friday, August 16, and will be greeted to Canada by the Duke of Devonshire, Governor-General of the Dominion, and Sir Robert Borden, Prime Minister of the country, while the public welcome to the Province of New Brunswick will be given by William Pugsley, Lieut.-Governor, and Walter E. Foster, Premier of the Province. The civic welcome will be given by Mayor Hayes and members of the aldermanic board.

The royal guard of honor will be under the command of Brigadier-General A. C. Macdonell, C. M. G., and after inspecting the parade will form and march through the principal streets of King Square, where the formal addresses will be read by Premier Hayes, while extemporaneous addresses will be delivered by the various men of note present, to which the Prince will respond.

Following the formal welcome, His Royal Highness will inspect the assembled returned great war veterans, it being expected that some two thousand men, in uniform, will be present for that occasion. The royal party will then take a motor drive to the various places of local interest, the route covering the Reversing Falls, Military Hospital, Fort Howe, Martello Tower, Sugar Refinery, Armories, Rockwood Park, and other points.

At noon the party will be the guests of the Provincial Government at luncheon at the Union Club, and in the afternoon the entourage will leave for Rothesay, where His Highness and suite will be the guests of honor at a garden party and leave held on the grounds of the Lieut.-Governor and Mrs. Pugsley.

West Side Veterans
Were Organized

Officers Were Elected of G. W. V. A. Branch Last Evening—W. W. Allingham Was Chosen the President.

The war veterans of Carleton and Fairville were strongly organized last night at a largely attended and representative meeting, held in the Temperance Hall, when the final details of the West Side branch G. W. V. A. were outlined to the members, and the officers elected for the first term.

W. W. Allingham is the president of the new local command of the Great War Veterans and will prove a most popular selection, as he has a large following among the returned men. The other original officers of the branch are S. Maxwell, first vice-president; H. Henderson, second vice-president; P. Colwell, secretary, and G. W. Scott, treasurer.

Beyond the important matter of election, only matters of a routine nature were discussed. The West Side branch of the G. W. V. A. is working hand in hand and side by side with the brother organization at Wellington Row, the different members co-operating in the larger questions and in the main working as one body, but the need for a meeting place handier to the homes of the West Side veterans than the splendid quarters in the city proper was apparent to all and so the branch is the outcome of that difficulty.

It is expected that there will be over 150 members of the West Side organization within a short time, and it is confidently expected that a new and well-appointed meeting place will be secured in the near future, which, open day and night, will give the men the excellent advantages offered by the metamorphosed Elk's Home.

The new command has had a special dispensation for the headquarters command to go on with the business of elections and other matters until the arrival of the charter, which is expected to arrive within a few weeks. When the charter arrives, the branch will be formally opened by the executive of the older brother organization and prominent business men of the community. At the meeting held last night it was decided to hold the business meetings of the branch on the second and fourth Mondays of each month.

Early in the evening the party will return to the city and embark, sailing as soon as possible for Halifax, where they are due at 10 o'clock the following day. It is regretted that the Royal party can spend but one day in the city, but the plans have been so arranged that this is the most that can be expected. The stop at this city is perhaps a little longer than at Halifax, the Royal battle cruiser being expected there at 10 o'clock Saturday morning and sailing early in the evening for the Sydney and Prince Edward Island.

The civic fathers are busily preparing for the decoration of the city, contracts being given out for the dining room, the kitchen, the other trimmings for the buildings and structures along the route of march. It is not known yet whether a memorial or reception arch will be erected, though it is definitely stated that Halifax is giving into the matter of arches and civic decoration on a scale that will eclipse all other attempts.

Yesterday morning a committee which is looking over the civic arrangements for the Royal reception called on Brigadier-General Macdonell with regard to accommodation for the hundreds of soldiers who will be in the city on that important date. The headquarters staff states that there is accommodation at the Armories for one thousand men, and that tents can be pitched on the Exhibition grounds, accommodating another thousand. The matter of food will have to be attended to by contract, which will be given to civilian parties.

With a programme of sports, horse racing, aquatic events, and a military field day which will be participated in by well over 1,500 New Brunswick war veterans, the celebration of the return of peace and the arrival of Canada of the heir-presumptive to the Imperial crown should be a red letter day in the history of St. John.

The Royal Party. It is understood that the Prince of Wales is accompanied by a suite made up principally of noblemen of approximately his own age. The chief attendant is Sir Sydney Greville, a younger brother of the Earl of Warwick. Other members of the party are Lord Claude Hamilton, an officer of the Grenadier Guards, and Capt. the Hon. Piers Leigh (pronounced Lee), a son of Lord Weymouth, who has served in the great war, and to them is given the responsibility of being companions to a future king of the world's greatest empire.

Thinks Well of
New Brunswick

Dr. Thomas Trevis Says This Province is a Sportsman's Paradise With Every Natural Advantage That Heart Could Wish.

"New Brunswick is a sportsman's paradise, with every natural advantage that the heart of man could wish," declared Dr. Thomas Trevis, editor of the Forest and Stream magazine, last night in a conversation with a Standard reporter.

Malpas, Quebec and the other stamping grounds of the hunter, angler and amateur outdoor man, are fast becoming over-run and in a certain sense run out, but this broad province seems to be teeming with animal and piscatorial life and offers camp locations and sport possibilities that outers dream of but cannot find elsewhere.

Dr. Trevis is a native of Montclair, New Jersey, who went overseas in the early days of the war, proving in his lot with the British Red Triangles and seeing service for some time along the Ypres-Armentieres sector. He has the proven distinction of carrying the first American flag into that section of the battle area, a banner which though battle scarred and somewhat faded, is now in the possession of the (shook possessions). Armentieres was one of the first places where the Hun used poison gas and the doctor wears his magazine and American sportsman with that bellish mood of German war fare.

The purpose of Dr. Trevis' visit is to get a first hand impression of the various hunting and fishing localities of the province for the benefit of his magazine and American sportsmen in general, and also to use that information for the purpose of provincial publicity, under the auspices of the Tourist Association of New Brunswick. A virile and fluent writer, with the additional ability of a skilled outdoor photographer, it is expected that his articles on the hunting, fishing and other resources of the province with the illustrations of the big game and catches of fish so abundant in this province will prove eye-openers to the biased American sportsmen and put this province on the map as a leading outdoor country of America, a position which the best of nature have lent their efforts. Combined with his study of the game resources of the province Dr. Trevis will also investigate with pen and camera the various Acadian and Indian settlements, making a collection of folklore and interesting sketches which will prove valuable for his periodical and also for the lecture platform. This afternoon he will leave for St. Andrews, stopping there for a few days and will then proceed by easy stages to Fredericton, along the St. John river, and the illustrations being shot from the photos of the fish, game and interesting camp sites and sights which he may encounter on his provincial wanderings.

St. John's Greatest
Mercantile Event

Oak Hall's Annual Mid-Summer Sale Starts Tomorrow.

This annual event has won a place of great importance in the mercantile community and is now looked forward to with genuine satisfaction by the many friends and customers of Oak Hall, not only in the city but throughout the province as well.

It is more than thirty years now since Oak Hall inaugurated this great yearly event, which has gradually grown until now it is truly St. John's Greatest Mercantile Event. And it has gained such distinction simply because it is different than most so-called sales. It is not a selling of the Season's left-overs or a pre-stocking sale. It is ten days set apart by Oak Hall whereby their entire stock of high class merchandise is offered at substantial reductions, together with thousands of dollars worth of new merchandise, especially bought for this great event at rock bottom prices for cash and put on the tables at the very minimum of profit, thus effecting great saving for their patrons on merchandise not often found at ordinary sales. Oak Hall have found this the best way to consolidate and extend their wide acquaintance, and it affords them an opportunity to show their appreciation in a practical way for the large patronage they have enjoyed since the beginning of the year.

This great event starts tomorrow morning, and although tremendous preparations have been made, based on the Oak Hall standard motto "Large Volume at Minimum Profit" it will be advantageous to be on hand early as the big crowds are anticipated. For limited information see Oak Hall's advertisement elsewhere in this paper.

TENNIS COMMITTEE
GENERAL MEETING

Additional Members to Committees Elected Last Evening—Membership Will Include Nursing Sisters and Wives of War Veterans.

It was decided to open the membership of the club to include nursing sisters who have served during the war, and wives of war veterans. Improvements in the grounds was spoken of, and it was suggested that a tournament be held in the near future.
