# **Asthma Cured**

Physicians' Advand Leaving He Home to 1Go to Manito Clarke's Kola Compound Cured.

Mrs McTaggart, 80 Vanauley street, Toronto, writes: "I have been troubled with asthma and bronchitis for twelve years, which gradually grew worse each year in spite of the hundreds of dollars my husband has spent with several doctors and almost every remedy we could procure, which only afforded temporary relief. For the past two years I could not lile on my left side, and during the past year previous to taking Clarke's Kola Compound the asthma became so severe that I had not a full night's sleep, and during most of that time we had a doctor in attendance. We gave up several doctors, as I was becoming no better, and the last doctor, aiter about two months' treatment, told me he could do nothing for me and advised me to go to Manitoba or some dry climatl. We heard of Clark's Kola Compound being a cure for asihma, and before taking this remedy made several inquiries from those who had taken it, and in each case found the result so satisfactory that we resolved to try it. After taking the first bottle I became much better, and began to sleep well at nights. Since taking the third bottle I have not felt the slightest symptoms of my former trouble I have during the past six months gained nearly 20 pounds in fiesh and leel perfectly healthy in every way. I can assure you that I will do all in my power to induce any sufferer from this terrible disease to try it." Certified correct by Peter McTaggart, proprietor of Toronto Dairy Co.

the Cape early next week; and the indications are that some troops have already arrived at the front and been in the fighting whose arrival has not yet been announced. There is every probability, therefore, that reinforcements are now moving up. This is calculated to hasten Commandant General Joubert's attack on Ladysmith, and news of a big battle is daily expected.
