CANADIAN FORESTRY CONVENTION.

VANCOUVER, B.C., 25TH, 26TH AND 27TH SEPTEMBER, 1906.

On the invitation of the British Columbia Lumber and Shingle Manufacturers' Association, a meeting of the Canadian Forestry Association will be held at Vancouver, B.C., on the 25th, 26th and 27th September next. This invitation was submitted to the Canadian Forestry Association at its Annual Meeting held in March last, and it was then decided that the invitation should be accepted. The British Columbia Lumbermen's Association is making every preparation to welcome the delegates to the meeting and to make their visit as pleasant and interesting as possible. This is the first meeting of the Forestry Association to be held in British Columbia, and it is particularly desirable that a large number should attend from the Eastern Provinces to show their interest in forestry and their appreciation of the kindness of the British Columbia Lumbermen's Association.

A splendid opportunity will be given to see the forests of British Columbia, and the scenery, both of coast and mountain, which is unrivalled in the world. As the Exhibition at New Westminster will be held in the following week there will be an opportunity for seeing a collection of the best products of the Province. This Exhibition is specially noted for the exhibits of fruit and live stock in addition to the products of the mine and the forest.

His Excellency, Earl Grey, Governor-General of the Dominion, has kindly accepted an invitation to and will open the Convention.

EASTERN PROVINCES.

The Railway Companies have granted only the usual summer tourist rate for this Convention for points east of British Columbia. Particulars as to rates may be obtained from local ticket offices.
