

as we can, you all make
such good work.
I have decided to make
some fine jelly, cakes, and
a few other good things,
if you are all very good,
because I know you are,
especially you. (A-hen I)
I am sure we had such very
funny, as we were passing
the crowd in Berlin,
we heard several remarks
about our chain, but we
didn't mind. We were
having a good time.
I suppose you all went

fishing. This is a splendid
day for fish, I hope you
were successful.
The house is very quiet, every
one being away, except
Mother, Baby and myself,
so I try to amuse myself
by reading and playing.
This is a very short letter,
but I am not a great one
at writing letters so you
will have to excuse me.
I hope you didn't get in
swimming eight times to-
day. Hoping to see you
all soon. Yours Truly,
Aoline Leagren.
