Dear Senator Meifhen -

Senator Dennis is greatly concerned over the fact that the Harbor Bill makes no provision for local committees, as recommended by Sir Alexander Gibbs, and also that the manager may be dismissed at pleasure, another feature which he thinks very undesirable.

He is sending Mr. Keiley, of the Herald staff, who will arrive at noon tomorrow, to confer with you on these points. He wishes me to say that he greatly regrets that he cannot be here in person, but his physician has absolutely forbidden his travelling.

Yours very truly,
Evelyn S. Luff.
