Read what Archie Crozier says about **THOROLD CEMENT**:
BEACHBURG, ONT., AUG. 14, 1900.

ESTATE OF JOHN BATTLE, Cement Manufacturers, Thorold, Ont.:

GENTLEMEN,—It is with pleasure that I testify to the good qualities of your Thorold Cement for building purposes. I have just completed a Basement Wall, Cistern and Floor throughout the entire building. Size of wall is 45 x 120 feet, 8 ft. above floor, and a 2-ft. footing. 12-in. wall above footing. I also put in door-sills and window-sills of cement. I used 280 bbls. of cement in the whole job. I consider it a cheaper and a better job than either brick or stone, and, furthermore, I have saved by building with cement 2,500 cubic feet of space over and above what I would have had if built with stone. Therefore I give credit to the Cement for \$160 on space. The work was under the direction of your man, Mr. Geo. W. Read, who understands his work well. I do highly recommend your Thorold Cement to any person intending to build any kind of building, for sturdiness, durability, and extra space.

I mail you a photo of our basement wall, and am sure you will be pleased with its appearance, for every person that sees it, either from Western Canada or any other place, say they never saw its equal for appearance, or from an architectural point of view.

ARCHIE CROZIER,
Breeder of Shorthorn Cattle, Yorkshire and Berkshire Pigs, and Leicester Sheep.
Correspondence solicited.

Estate of JOHN BATTLE, Thorold, Ont.

"NATIONAL" NO. 1 HAND POWER.
Capacity 350 to 500 lbs. per hour.

THE
NATIONAL
FARM
Cream Separator

Manufactured by the Raymond Mfg. Co. of Guelph, Limited, manufacturers of the celebrated Raymond Sewing Machines.

THE National is an up-to-date machine, leading all others in separating cream by centrifugal force. It is the farmers' choice, because it runs easy, skims fast and clean, and makes a perfect cream, containing any per cent. of butter-fat desired. It is also easier to clean than any other. The National is built of the very best material suitable for the construction of a high-speed machine, and with proper care should last a lifetime. The bearings are interchangeable and easily adjusted. Every machine is guaranteed to do good work, and a trial of the "National" is solicited before purchasing any other. The already large sale of the "National," and the growing demand for it, shows how much the Canadian farmers appreciate a Canadian-made machine that does its work so easily and well, and at the same time returns such a large profit on the small investment. Ask for the "National"; try it and buy it.

SEE TESTIMONIAL BELOW.

C. H. WIDDIFIELD,
Barrister, Solicitor, etc.
Picton, Ont., July 5th, 1900.

THE SUNLIGHT GAS CO., Ltd.,
Montreal, P. Q.:

GENTLEMEN,—I am in receipt of your letter asking me about the generator you installed in my house eighteen months ago.

I have used it continuously ever since it was put in, and the longer I use acetylene gas the better I like it. It gives a much whiter and softer light than either coal gas or electric light.

The machine has given every satisfaction, and I am very much pleased with it.

Yours truly,
C. H. WIDDIFIELD.

**RAPID-EASY GRINDERS**

Will do for you what they are doing for others—grind more grain with the same power than any other Grinder.

Made for use with tread power, sweep power, windmill, or steam engine.

Bradford, October 22nd, 1900.

With your **RAPID-EASY GRINDER** I have ground 400 bushels of mixed grain in ten hours, and have ground 2,000 bushels of grain with one side of the plates, and they are good yet. The machine runs very easy. It is the only Grinder I ever saw that would grind barley right.

J. THOMAS WATSON.

We shall be glad to give you all information. A fine lithographic hanger on application. State power you wish to use on Grinder.

J. FLEURY'S SONS,
AURORA, ONTARIO.

Medals for plows: Chicago, '93; Paris, '89.

PLEASE MENTION FARMER'S ADVOCATE.
