SAP BUCKETS

At the exceedingly low cut price of only **8 CENTS** each.

We are this year offering, perhaps, the best 8 quart sap bucket on the market. It is of heavy tin, well soldered on the inside so that the liquid does not even get into the seams. We sell any number, large or small, at the rate of eight cents each. We have only the one price. It is too low to offer any inducement for large quantities. We ship promptly the same day the order is received.

We also offer the Improved Eureka Sap Spiles at the rate of only 75 cents per 100. On receipt of 2c. stamp we will mail you a sample spile. This is the most ingenious thing you could imagine to hold the sap bucket to the tree.

Our terms are cash with the order.

Get in your application for our free spring catalogue. It contains close cash prices on Fence Wire of all kinds, Dairy Supplies, Harness, Builders' Materials, Seeds, etc., in fact, everything the cash buying farmer wants.
