We have not had time yet to read it with the care which we are sure it deserves. He is working with tireless zeal and self sacrificing devotion in his eminently Christ-like-work, seeking, as the agent of Anodyne Liniment is almost a certain cure. In the above named society, to find, and benefit, severe cases great relief may be obtained if no and save those who much need such attention. And we rejoice to know that those who sustain him and as they have opportunity co-operate with him in it-are not labouring without indications of the Divine blessing to encourage to perseverance in this work of faith and labor of Powders over all others.

For the ordinary work of the society sub scriptions or Donations will be thankfully received by the Treasurer, G. H. Starr Esq. or the Secretary, D. H. Starr Esq.,

For the special object mentioned in the com munication already mentioned—the cost of the building for which the Missionary has made himself responsible-we shall be very happy to receive contributions to be handed to him.
