One teaspoonful to one pint of food, fed where, or sent by mail for eight letter sheets.

SHUTTLEWORTH'S INKS.

These INKS are rapidly taking the first place among atramental fluids, and, wherever introduced, have given perfect satisfaction. They are prepared with chemical accuracy, and may always be depended on for uniformity. The

Blue Black Writing Fluid.

Will be found a great comfort to those who have much writing to do, as it possesses all the characteristics of the best imported Inks, and has been pronounced decidedly superior in regard to its freedom from a tendency to clog and corrode the pen.

Testimonials have been received from many gentlemen holding the highest places in professional and Commercial circles, and this Writing Fluid is now largely used in leading Legal, Educational, and Financial Establishments.
