WHAT YOU HAVE BEEN LOOKING FOR

**The Winnipeg Weekly Telegram**

With beautiful Premium Picture "On the Look Out"

**The Farmer's Advocate**

To January 1st, 1908

The Combination That Leads

**\$2.00**

THE WEEKLY TELEGRAM and its Premium "On The Look Out"

If you have not been a subscriber to **The Weekly Telegram**, many of your neighbors have, and they will tell you it is the best weekly west of the great lakes. The market reports are accurate and up-to-date. In this age of competition every farmer must have the fullest information possible on the price of grain, hogs and cattle. If he has access to the market reports of this paper he will know when to sell and what to ask. **The Telegram's** reports are never colored, but are always accurate and every one gives the truth.

The special news features, the editorials and the sections devoted to women, makes **The Weekly Telegram** the best to be had in Canada. This includes the best dress patterns, especially drawn for **The Telegram** and sold only to **Telegram** readers at a nominal figure. Another feature which puts the **Telegram** in the very front rank of western weeklies is the **Comic Section in Colors**. No other weekly in Canada gives its readers this big feature every week in the year. The old and the young, in fact every member of the family, follow with increasing interest the doings and sayings of the humorous characters in our comic pages. We repeat, it's the greatest comic feature offered by any newspaper in the country—and **The Telegram** alone has the exclusive use of the Copyright in Western Canada.

**THE PREMIUM.**—"On The Look Out," a masterpiece in fourteen colors, reproduced directly from the original painting by the colortype process and faithfully retaining all the tones, effects and shadings of the original. The reproduction is a natural subject, and tells the beautiful story of "Evangeline" waiting at the gate near the old home. The masterly shading and the harmony of color will appeal to all phases of humanity as only a picture from nature can. This magnificent reproduction is 16x20 inches, ready for framing. It will constitute an ornament on the wall of any home and is a real work of art.

## Where Your Harrow Troubles End

in the  
J.I. CASE  
DISC  
HARROW

See the arrows? They point out the two most important advantages ever placed in a disc harrow—the chilled ring bearings and the slicer scrapers. These bearings have proven by test to be the most practical and economical for this use. They will, in a very short time, save the cost of the ordinary harrow, and they will save your team—save work—save trouble. Because they make light draft; last longer, do not wear flat, clog up or work loose. And they cost less.

And the slicer scrapers work right and clean perfectly. A slight movement of the foot does the work, cleaning all the discs from center to cutting edge. When at rest, the scrapers keep the center of the disc blades clean. While we consider these two advantages foremost, this disc harrow possesses other features worth mentioning: By an exceedingly simple device, the discs are made to stay in the ground no matter how hard it is. Again at the end of one section raises over an obstacle, the other remains at work and the companion section is not disturbed. We would like an opportunity to tell you more about this disc harrow, and if you are looking for the best, you want to know. Write for our free catalogue to-day, which fully describes the entire J. I. Case Line
