### The Part "Long Distance" Plays

The part the telephone plays in business and social life is often never appreciated until an emergency arises. Recently a case arose where Long Distance was asked to get on the wire a party who was cruising in a yacht in the Gulf of Georgia. It was not known where he was, but the message was extremely urgent. Without detailing the work of the operator, or the number of places called, it is enough to say that the party was located and a message sent out by rowboat that he was wanted on the telephone. Then he talked with Vancouver.

On such occasions the inestimable value of the telephone is brought home.
