The Easiest Way to Take In Your Crop

With a BT Sling Unloader you can cut in half the work required to harvest your crops, and save HALF the time. Your horses do ALL the hard work. By hitching them to the draft rope you can tighten the Slings about the bundle and hoist it into the mow in a jiffy. You can take in bound green feed just as well as hay with the BT Unloader. Handles the biggest load in two bundles. No barn complete without it. Write today for Catalogue telling all the facts about

THE BT SLING UNLOADER

It is simple in construction and heavily built all through. There are no springs to get out of order. The rope grip is sure and never injures the draft rope. Any sized rope up to one inch in diameter may be used with the BT Car—most cars will not use anything larger than 3/4-inch rope, which is too light for sling work. Large Draft Rope Wheel makes it much easier to elevate bundles than with other styles of cars.

THE BT SLINGS

Are made from best soft-laid manila rope. The slats are of selected maple, well oiled and finished. The trips are all malleable and cannot be broken or tramped apart. They will lock easily in any position and trip easily no matter how the bundle twists.

BT SINGLE RAIL TRACK

The BT Steel Track will carry 3,000 lbs. with rafters three feet apart. No other track will stand this strain. It is easily and quickly erected. Our line includes Slings and Fork Outfits for Wood Track, Rod and Cable Tracks. Write for Catalogue. It is Free.
