"Saved - - -"

In June, 1910, a prominent New Brunswick lumber merchant was granted an Imperial policy for \$2,500.00.

His fourth annual premium was due June 15th, 1913. He didn't pay it—and it wasn't paid on August 26th, when he died.

But the Company continued the insurance in force under its Automatic Non-Forfeiture provision, and paid the proceeds of the policy to the assured's four young children on September 27th, 1913.

Now think what would have happened had the policy not contained this *saving* clause, which is common to all Imperial policies.

MORAL: Insure in the Imperial, the Company that really safeguards its policyholders' interests.
