Bryan Turns Down A New Proposition

[By Special Wire to The Courier] WASHINGTON, April 20—Charge Algora of the Mexican embassy took a new proposition from Huerta to Secretary Bryan at 10:50 a.m. The charge described it as "hopeful." Secretary Bryan left the cabinet meeting to go to the state department to meet Mr. Algora and receive Huerta's latest proposition.

Secretary Bryan received Mr. Algora's message and announced that it did not contain any new proposals, but was merely the full text of the communication to Charge O'Shaughnessy, which had been delivered here last night. He said the situation was unchanged.

The only suspicion of a break in the silence between Washington and Mexico City came during the forenoon, when Charge Algora carried a communication to Secretary Bryan. The charge said he considered it was somewhat different from the proposition which was refused last night, but Secretary Bryan declared it was the same as that forwarded by Charge O'Shaughnessy, and could not be accepted; Mr. Algora telegraphed

to the Mexican foreign minister, Senor Porfirio Rojas, but Mr Bryan had received this with no encouragement. Huerta's telegram to President Taft, on February 18, 1913, was given out again at the White House today and officials declared its words had a significant bearing on the present situation. It follows:

"I have the honor to inform you that I have overthrown this government, the forces are with me, and from now on, peace and prosperity will reign.

"Your obedient servant, Victoriano Huerta, commander in chief."

Charge Algora contended that his communication to Mr. Bryan contained new proposals, but the secretary of state said it was only a matter of construction. Officials who knew of Mr. Algora's message, said it might be proposed as a guarantee for a return salute by the United States which was demanded early yesterday but state department officials eventually did not accept it as of such import.

to obtain the ship's mail and was for a time thrown into jail. An official despatch from this government to its embassy at Mexico City was withheld by the authorities of the telegraphic service until promptly demanded by our charge d'affaires in person. So far as I can learn, such wrongs and annoyances have been suffered to occur only against representatives of the United States. I have heard of no complaints from other governments.

"Subsequent explanations and formal apologies did not and could not alter the popular impression, which it is possible it had been before the object of the Huertista authorities to create that the Government of the United States was being singled out and might be singled out with impunity, for slights and affronts in retaliation for its refusal to recognize the pretensions of General Huerta to be regarded as the constitutional provisional president of the republic of Mexico.

HELD LUNCHEON

Local Underwriters Entertain Vice President of Dominion Association

The Underwriters' Association of Brant, Haldimand and Norfolk Counties held a luncheon at the Y.M.C.A. today, at 1 o'clock, when A. J. Micklejohn, vice-president of the Dominion Association of Underwriters, and Mr. W. C. McCartney of Hamilton, delivered addresses to the gathering.

After a sumptuous repast served by Mine Host Crumback, L. E. Percy rose, and in a few words welcomed the out-of-town guests and also Mayor Spence, who was present.

Mayor Spence replied in a few well-selected words, expressing his pleasure at being present at such a gathering. He spoke highly of the relationship the insurance agents held in the world. It was their duty, he said, to look after mankind from the cradle to the grave, and the local men, he continued, carried out their work to perfection. The Mayor also formally welcomed the out-of-town guests to the city, and expressed the hope that these gatherings will take place often in this city.

Mr. A. J. Micklejohn of Ottawa was the next speaker, and thanked the Mayor and the members of the local Association for their warm welcome. He spoke of the life of the Underwriters' Association of Canada, the work being done by the executive of the association, and a few pointers in the work to be done. The Underwriters' Association has had the greatest growth of any organization of its kind in Canada. One of its prime principles was mutual protection and the protection of the public. The work is a great one, and one which is doing untold good to mankind everywhere.

Reports of the work of the Association proves that they are doing a good work and are not merely a name. They also accomplish much in the education of themselves. One of the best sources of education is in the meetings from time to time of the members of each association. It is at these meetings the different members can get ideas of the work being done in the manner in which they succeed. It is also at these meetings that the work of the government can be discussed.

The life insurance institutions of this country are saving the government a large sum of money each year in the providing widows and orphans with a means of livelihood.

W. C. McCartney, district manager at Hamilton, also spoke a few words to the members long the same line as Mr. Micklejohn. A discussion followed on the different propositions made by Mr. Micklejohn, after which a vote of thanks was tendered the speakers, moved by T. Hendry and seconded by R. Burbank.

Those present were President L. E. Percy, Mayor J. H. Spence, A. J. Micklejohn, Ottawa; W. H. Hammond, J. Burbank, W. J. Foy, D. Thorburn, H. G. Lindsay, R. Burbank, J. S. Dowling, Hendry, C. Hall, F. J. Reid, C. H. Emerson, A. O. Seord, K. V. Bunnell, H. Cressor, J. E. Hess, L. Schmidt, W. C. McCartney, Hamilton.

INTEREST IS RED-HOT IN HUERAT'S CITY

(Continued from Page 1)

MEXICO CITY, April 20—The Mexican capital awaited with the most intense interest to-day for the next word from Washington in reply to the refusal of Provisional President Huerta to comply with the demand of the United States that the stars and stripes should be unconditionally saluted at Tampico.

All the morning papers published a lengthy statement by the Mexican Foreign Minister, Senor Porfirio Rojas, outlining the reasons for the position General Huerta had taken up—namely, that the American flag was not flying on the boat when the blue-jackets were arrested on shore at Tampico, and that it had therefore not been insulted, and that compliance with the demand for an unconditional salute would be humiliating to Mexico.

The summerlike weather on Saturday brought out a large number of golfers. The links have wintered extremely well and the indications are that the course will be in splendid shape this season. A large number of new players are taking up the game this year.

At The Y. W. C. A.

One of the best gatherings of the Y. W. C. A. on Saturday night, when an excellent sketch, "Her Easter Choice" was presented by the members. The sketch illustrated the choice Louise, a girl who had to choose between power, fame, pleasure, art, music and Christianity. She eventually decided in favor of Christianity with its attendant virtues, faith, hope and love. Taking part were Bessie Johnson as Louise, Irene Todd as Pleasure, Breta Hitchon as Art, Florence Walker as Music, Reba Force as Fame, Evelyn Hext as Power, Eva Walker as Christianity, whilst faith, hope and love were represented by Edna Stover, Elizabeth Allen and Minnie Wyatt. The dialogue was a great success and was a splendid testimony to the ability of the girls of the club.
