

MOOSE HOLD SOCIAL EVENT

The Moose herd gathered last night in the shelter of their forest home on Colborne street, when an evening of progressive euchre and dancing was held. It was a splendid success, the herd rallying to the call in no uncertain manner. The result will be a generous contribution of vegetables of all kinds, which will be donated to the city relief. When the members had assembled, a round of euchre was played which was won by Mrs. M. Howell and Mrs. H. Howell.

WAS GOLFER WITH TRUE SPIRIT

With the death of Col. D. R. Wilkie, manager of the Imperial Bank of Canada, another of the famous quartet of golf players often seen on the links of the old Toronto Golf Club passed to the great beyond. Colonel Wilkie, several years ago, was an ardent golfer, and with Messrs. Chas. Cockshutt and H. D. Warren and Sir E. B. Osler was invariably found of a Saturday afternoon enjoying his favorite pastime. His death leaves only one member of the famous quartet, viz., Sir E. B. Osler. H. D. Warren took the journey across the river four years ago, and then two years later, Charles Cockshutt departed this life. They were average golfers, who learned the true spirit of the game and took great pleasure in their friendly contests upon the links. Mr. Warren was one of the first men to use the old Haskell ball, and he had his rivals guessing for several Saturdays after he first started using it. Col. Wilkie and Mr. Warren were right handed players and Mr. Cockshutt and Sir E. B. Osler left handed. They used to pair up this way. Every one of the quartet had a peculiar swing which came from an exaggerated position, but they got the distance when they hit it. It was due to their assistance that the famous caddy supper at the Toronto Golf club was kept up and they took great pleasure in watching the boys enjoy themselves. Their generosity and good-fellowship was very marked and they were considered good sports from the word go.—Mail-Enterprise

Nuptial Notes

A very pretty wedding was solemnized at Grace Church, Tuesday, at 3 o'clock, the ceremony being performed by the Rev. Patterson-Smyth, when Mr. John Byatt was united in holy matrimony to Miss Rachel Turner of Essex, England. The bride entered the church on the arm of her brother-in-law, Mr. Calversbert of Woodstock, who gave her away. The bride looked very lovely in a gown of white silk trimmed with Irish lace and with a veil and orange blossoms and carried a bouquet of white chrysanthemums. She was attended by Mrs. P. Biggs, as matron of honor, wearing a dress of American beauty silk, with an overdress of black lace. The bridesmaid was Miss Prior, a friend of the bride's who wore a pale blue dress of crepe de chine, trimmed with lace over pink silk, and a black velvet hat, trimmed with pale pink marabout, and carried a bouquet of pink chrysanthemums. Mr. P. Biggs acted as best man. There was a large number of friends at the church, also members of the A. Y. P. A. The bride's gift to the groom was a gold watch and chain; the bridegroom to the bride, a gold bracelet; the bridegroom's gift to the matron of honor and bridesmaid, were gold brooches; to the groomsmen and Mr. Calversbert, gold stick pins. Mrs. Harry Cockshutt kindly loaned her carriage for the use of the bride. The reception was afterwards held at Mrs. A. Amos' 90 Winnett street, the friend of the bride, where a chafin tripod was decorated. Rev. Patterson-Smyth proposed the toast, and was responded to heartily. The bride was the recipient of many beautiful presents.

GIVE GERMAN TRUTH French Plan to Send Toy Balloons With Facts of War. These are designed to enlighten the German people upon the progress of the war.

TRADES AND LABOR

Council Decides to Investigate the Manufacture of Toys in Toronto.

The Trades and Labor Council had an interesting session last evening, President Phipps and his recently installed brother officers, promise to make this council one of the busy bees in the local hive. A workingman's letter through the press, complaining of harsh treatment at the hands of official city servants, came in for much discussion. The census of opinion held at that every citizen was entitled to fair play and was entitled to a just portion of the city work, but also opinionated that the said officials were entitled to a fair share. To this a committee will probe the affair. The council invites correspondence and any help or censure that is pleasing to those who wish to kick. A delegate was appointed to visit Toronto and investigate the scheme recently promulgated by Toronto labor men, viz., the manufacture of toys by and through industrial workers. The idea is thought to be a feasible and well planned one and will tend to relieve unemployment to a very great extent. The Toronto Board of Control are actively engaged in pushing it along financially, and otherwise. A local barber shop was placed by the Barber's Union on the unfair list, and their action was actively engaged. Refusal to close shop on Wednesday half holiday was the bone of contention. The barber stated he did not object to his employee's taking this half day, but he couldn't afford to do it and objected to unions looking after his estate. Two other master barbers who insist on gazing at things from the same tree-top are also on the unfair list.

CLEVER PUPILS

Brantford Young Ladies Are Winners of Scholarships at the Collegiate.

The scholarships awarded in June Upper School Examinations have been announced and the results are very congratulatory to the Collegiate staff and the pupils concerned. The value of the first scholarship is \$100, the second \$60, and the third \$40. The announcement has been delayed somewhat owing to the necessity of the Government considering the question of supplementing the amount of interest accrued from the bequest. This year the interest amounted to only 2 per cent. of the sum required to pay the scholarships in full, but the government made a loan of \$1000 to the trustees. Dr. Pynes states, however, that in subsequent years the interest available from the bequest will be sufficient to pay the scholarships in full. The following are the winners: The Army Medical Corps of which Jav Mott, of this city is a member, and which is now stationed at Hamilton, leaves the Ambitious City to-day take up its training quarters with the second contingent at Toronto. Loyal Orange Lodge No. 742, Brantford, held in their rooms on Tuesday night a concert, over which Mayor John Spence presided. It was an enthusiastic and joyous gathering and one of the best nights ever held under such auspices. The program was patriotic and lengthy. Mr. A. Smith had quite an ovation on his singing of the "Call of the Motherland," and he replied with an encore. Other items were, "A's a long way to Tipperary!" by Mr. Ramsbottom, and "The Call of the Motherland," sung in splendid style by Mr. Lamb. The most interesting feature of the evening, however, was Mayor Spence's reading of a letter received from a reservist who left the city at the outbreak of the war. It was a diary of his movements from that time till October 14, and was listened to with close attention. Mr. Henry Fielding, then objected with a stirring recitation, "Ballaclava," and the concert closed with the singing of the National Anthem.

LIQUOR IN CAMPS STRICTLY LIMITED

Officer Says Outcry Against Salisbury Canteens is Groundless. LONDON, Nov. 19.—"There is little reason for the outcry of the temperance party against the War Office in regard to the Canadians," was the comment of an officer to your correspondent. "Only beer is sold in the canteens at Salisbury Plain, and the general restrictions are very severe, as in the outlying bars liquor is only allowed to be sold from noon until nine o'clock in the evening, and no sales to women are permitted after six o'clock. Any smuggling of liquors by workmen about the camps is heavily punished by the magistrates when discovered. The Mayor of Salisbury recently commented upon the favorable moral conditions in the city in view of the fact that 100,000 troops are encamped upon the plain." The officer quoted had been in contact with all the troops, and he was glad to be able to speak highly of the Canadian contingent. Major B. Osborne, of Berlin, Ont., has been appointed assistant provost marshal, with headquarters at the Royal Office, Westminster. Rumors that the huts being erected at the camps on Salisbury Plain were being brought from the United States are denied by W. L. Griffith, secretary to the Canadian High Commissioner, who asserted that the huts are being constructed largely of Canadian timber, the erection being done by British workmen, assisted by Canadian carpenters. A denial was also given to the statement in the Fruit Trade Journal that an American firm had received a War Office contract for the delivery of 500 carloads of apples from California. Mr. Griffith stated that no contracts for apples had been placed by the War Office.

DE WET'S FOLLOWERS FLEEING, REBELS ARE DISHEARTENED

LONDON, Nov. 19.—The Official Press Bureau issued the following statement last night regarding the situation in South Africa: "The South African Government announces that a royal command under Col. Van Collier has defeated in the northern part of the Free State a whole rebel' laager. Forty-seven of the rebels were captured. "Premier Botha reports that Gen. De Wet's followers are disheartened as a result of their defeat on Nov. 11, and are fleeing in all directions. The pursuit is continued, and some of the rebels have been captured." Reports were received here yesterday of a running fight west of Belmont in which four rebels were killed, 20 wounded and 100 captured. The loyalists pursued the rebels until their horses gave out and they were forced to abandon the chase. Colonel D. R. Wilkie, President and General Manager of the Imperial Bank, is dead. Fire did \$25,000 damage to the new building of the Canadian Kodak Co. at Mount Dennis. The volunteers at Exhibition Park will shortly hold a parade of Toronto's streets. Work was begun in Nelson Township on the Toronto-Hamilton highway. The area of cultivation in the district in case any of the rebels are captured.
