Children Cry FOR FLETCHER'S CASTORIA

Have I actually done anything that could count as NATIONAL SERVICE for my country during the Forty bloody months of her sufferings?

Put down in hours the actual time that you have worked. Then, if before your conscience you can say, fearlessly, that you have done a man's service to your country, well and good—we know that you will do even more. But if there is the thought drumming through your mind that all-everything -that you have done, is a mere nothing, just a sop to conscience, then, as you are worthy of your manhood, make a speedy decision to devote the next few months of your life to National Service.

Outside of our armed forces, only one kind of civilian labor ranks as National Service for Men, Women and Boys. That is

The Allies have appealed to Canada to supply More Food, and Brant County must do its share. But the labor must come from the city.

# It is YOUR Opportunity! The Pay will be ample together with your Board.

The Ontario Government, which has the problem of increasing production in hand, has turned over

to the local committees the work in Brant County, so that volunteers may be assured that they will not be sent far from home, and they will be dealing with committees who have personally investigated each case, and know what the requirements are and can arrange all the details of wages, etc.

The call comes to every Man, Woman and Boy in Brantford, and whether you can volunteer for the whole Summer or just a few weeks, your work is needed just the same. The farmers cannot produce more food unless the people of this city are willing to help, and Premier Lloyd George says; "Danger of starvation is the Allies greatest danger."
