**COUGHS
BRONCHITIS
COLDS**
AT ALL DRUGGISTS

According to Canadian Pacific of-
ficials, immigrants from Europe
who spend a few hours in Montreal
on their way west are re-discovering
America—or rather Canada—at a
great rate. Some days ago there
were eighty Scandinavians drum-
ming their heels in the big waiting-
rooms at Windsor Station, bored to
tears. Then one of them suddenly
discovered that the Province of Que-
bec, unlike Sweden, is not "dry." The
rush of the Danes on Alfred's Eng-
land was as nothing compared to
that with which the delighted Scan-
dinavian gentlemen emptied that
waiting-room. So excellent did they
find the beer that they did not show
up again till train-time, when they
announced unanimously, though
with slight difficulty, that "Canada
bears one fine country."

To be stranded in a strange city
with no worldly assets but a suit of
dress-clothes and yet to come out of
the adventure victorious is to
achieve something. Joe and Bill ar-
rived in Montreal a few nights ago,
their baggage consisting of the
clothes they wore, two dress suits,
an adequate quantity of the need-
ful and an enthusiastic determina-
tion to see Life with a capital L.
When they woke on the morning
after, they found that someone had
relieved them of everything they
possessed except the dress suits
they had slept in, and which they
had worn for the previous night's
affray.

In this predicament they appealed
to the authorities at the Canadian
Pacific Windsor Station, for work
whereby to earn enough to take
them out of the wicked city. Sympa-
thetic officials put them on the
snow-shovelling gang. And here
these two stout fellows, in their
dress suits, Joe with his feet wrap-
ped in sackcloth to keep them warm,
labored heartily for four days, earn-
ing the price of their tickets back to
the little old home town. So once
more fiction and the movies are
beaten.

To Merchants and Salesmen

**The Order you lost
—Who got it?**

The opportunity was there.
Did your competitor call up
your customer by Long
Distance, and sell him?

Opportunities used to come
a-knocking at the door.
Nowadays salesmen go out
to meet them half-way—
by Long Distance.

They tell us that about 40%
of the sales opportunities
they go after by telephone
prove profitable. Such
salesmen are said to have
"telephone initiative."

A well-defined plan of sales
by Long Distance, and
salesmen with "telephone
initiative" handling it, may
be just what you need to
increase sales.

Why not give it a thorough trial?

RADIOLAS

(Made in Canada by Westinghouse)

There's a Radiola For Every Purse

If you are looking for efficient performance, attractive appearance, and moderate price, you will find all three combined to a remarkable degree in the new Radiolas.

Far distant stations can be received with unusual clarity and volume, and tuning is very simple.

No matter where you live, or what you can afford to pay, there is a Radiola to suit you.

RADIOLA III-A
Portable, compact and highly selective. Radiola III-A is the ideal combination for all who wish to enjoy radio at a minimum of expense. Complete with tubes and phones \$80.00 (Loud Speaker Extra)

RADIOLA REGENOFLEX
With four W.D. 11 Radiotron tubes and loud speaker. All batteries and battery connections are concealed in handsome mahogany cabinet. Complete with tubes, loud speaker \$265

RADIOLA X
A rare combination of melodious reproduction, selectivity and range. Built-in loud speaker and so designed that high quality of reproduction is maintained at all times. Complete with tubes and built-in speaker \$325

Radiola III-A
Will give loud speaker operation up to 1,500 miles under favorable conditions. Highly selective and easy to operate. Radiola IIIA is a highly satisfactory moderately priced receiver

Radiola X
Loud speaker operation up to 2,000 miles under favorable conditions. Operates on indoor or outdoor aerial. Non-radiating and unusually selective. Radiola X is the ideal receiver for any home.

Radiola Regenoflex
Loud speaker operation up to 2,000 miles under favorable conditions. Will operate on indoor or outdoor aerial. Highly selective and non-radiating.
