Cure The Indigestion Which Is S Liable To Lead To Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot oare for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "shock," to be paralyzed, or to diefrom accelers.

WHAT IS A BLOCKADE?

Skin of Whole Body Covered for a Year—Awful Itching Kept Suf-ferer Awake Half the Night— Tried All Kinds of Remedies but They Had No Effect.

CUTICURA REMEDIES A PERFECT SUCCESS

"I wish to let you know that I have used one set of Cuticura Remedies — one cake of Cuticura Scap, one box of Cuticura, but two vials of Cuticura Resolvent Pills — which cost me a dollar and twenty-five cents in all. For a year I have had what they call eczema. I had an itching all over my body, and when I would retire for the night it would keep me awake half the night; and the more I would scratch, the more it would itch. I tried all kinds of remedies, but could get no relief. A friend of mine told me to try the Cuticura Remedies which I did, and am very glad I tried them, for I was completely cured. If any of my friends should be troubled with the same disease, I will cheerfully recommend the Cuticura Remedies, and if I know any one who wants to know how I cured myself. I shall be glad to tell them. Walter W. Paglusch, 207 N. Robey St., Chicago, Ill., Oct. 8 and 16, 1906."

and Sweetest of Emollients.

Cuticura Ointment is, beyond question, the most successful curative for torturing, disfiguring humors of the skin and scalp, including loss of hair, yet compounded, in proof of which a single anointing with Cuticura Ointment, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent (Liquid or Pilk), is often sufficient to afford immediate relief in the most distressing forms of itching, burning, and scaly humors, exzemas, rashes, and irritations, permit rest and sleep, and point to a speedy cure when most, if not all, other remedies and even physicians fail.

Judicial Definition Given at The Hague Conference

Brazil Desires Modification of American Proposition Regarding Immunity of Private Property At Sea -Neutral Powers Must Be Notified -Vessels May Be Confiscated-Delegates to Have Vacation.

Delegates to Have Vacation.

The Hague, July 9.—It was reported yesterday that M. Nelidoff, president of the peace conference, is desirous of leaving The Hague July 20 to take a fortnight's cure at some Spa, and it is considered possible that the conference, like that of 1889, will then suspend its sittings, enabling the delegates to take a vacation.

The Italian proposition regarding blockades, submitted yesterday to the sub-committee dealing with the question, comprises seven articles. It gives the judicial definition of a blockade and establishes that to make it effective, a blockade must be officially declared and the neutral powers must be notified. Vessels attempting to run a blockade can be seized and the vessels and cargoes confiscated.

Dr. Ruy Barbasoa (Brazil) presented a proposition moditying the American proposition on the subject of the immunity of private property at sea, suggesting that the rules regulating private property on land be extended to naval warfare, with the addition that when the commander of a belligerent fleet, by the necessities of war, is obliged to seize and destroy a merchantman belonging to the enemy he must deliver to her captain a written statement enabling him to put in a claim for indemnity.

Mrs. David, who until recently lived with her husband in Lowell, Mass., ran away and joined a Syrian colony at Woodstock, N. B. She is very beautiful and has two children.

David came here to get her to return, but the couple quarreled on their way back and when at McAdam he pulled a revolver and shot her. He was preparing to shoot a third time, when Jack Powers of St. John, once the heavyweight champion of America, sprang forward and struck David on the jaw, knocking him out.

David was arrested, and is now in in jail.

Warns Western Farmers.
Winnipeg, July 9.—Senator W. R.
Perley, the largest farmer in Saskatchewan, who harvested ten thousand acres of wheat last year, has issued a statement, through the newspaper, warning farmers of Northwestern Canada to exercise close economy this year. He sounds a pessimistic note, and says that the crop will be less this year by from 25 to 30 per cent. than last year.

"We western farmers have had six years in succession of gold crops and

years in succession of gold crops and great prosperity," he observes, "and under such circumstances it is quite natural to forget that it is possible to have poor crops."

ed, and were threatening other premises.

In Dalhousie street, to the rear, a
family by the name of Payne had to
be removed from their home.

It was necessary for the firemen to
break into the house to arouse the inmates and get them out.

In effecting an entrance to the Dods
warehouse, the "back draft" suddenly
shot a wave of fiame into the firemen,
some of whom were severely scorched.

At 2.30 the fire was in full possession from top to bottom of the Dods
building, and the Lyons Stained Glass
Works, who occupy a portion of the
same building, though with a thick
dividing wall, were being threatened.

The oils and paints provided great
feel, and numerous explosions helped
to spread the flames and make the
work of the firemen dangerous.

No estimate of the loss has yet been
made.

Wine Growers Dissatisfied With New Wine Frauds Bill.

Wine Frauds Bill.

Paris, July 9.—Despatches from the south of France yesterday report that the situation is again growing serious. The dissatisfaction with the new wine law, and the supplementary measure now under consideration by Parliament, together with the arrest of thirty persons suspected of complicity in the burning of the prefecture at Narbonne, have reinflamed the people.
