### DESTRUCTION OF BOULEVARDS SHOULD BE PUNISHED

Decision of City Council at Their Meeting Last Evening -Lighting the Park for Militia Drills-Busy Session of Aldermen.

A busy routine night was put in by the aldermen last night and many matters of more or less moment were

matters of more or less moment were dealt with. The Council, however, took occasion to declare itself anent the boulevard distruction.

There were present at the meeting Mayor McKeough and Ald. Marshall, Scullard, Mounteer, McCoig, Westman, Edmondson and Piggott.

The Ontario Asphalt Block Company asked for their check of \$1,500. This matter was referred to the Finance committee and never reported on. Their agreement and guarantee ance committee and never reported on. Their agreement and guarantee was read by Ald. Marshall and he saw no reason why the check should be held longer. This was not a personal guarantee from Messrs. Fleming and Davis, but a guarantee of the company. In his opinion it was sufficient but Ald. Marshall thought the Council should also have a personal guarantee. The matter was again referred to the Finance committee this time with power.

A petition was received for a granolithic walk on the alleyway at the rear of King street and was sufficiently signed.—Referred to the Engineer to report.

A petition for a granolithic walk on Delaware avenue was also sufficiently signed and also referred to the Engineer.

Gilbert Primeau and O. B. Hulin asked permission to cut down trees.—Referred to the Chief of Police.

Dr. Bray asked the use of the Council Chambers for the holding of an inquest.—Granted.

H. W. Crossan, of the Underwriters Association, advised that the Council should have 3,500 feet of hose in the fire hall capable of standing 300 lbs. pressure.

G. H. Tyrrell informed the Council G. H. Tyrrell informed the Council that he would hold them liable for an accident which was sustained by him owing to a defective road on the corner of Amelia and Joseph streets. He was driving home one night when he ran into a pile of earth and was thrown from his buggy.

The Mayor wanted to refer the matter to the Board of Works, but Ald. McCoig said he had investigated the matter and the earth was put there by Blight & Fielder, who put a cross-

Mr. Austin addressed the Council and put his case so forcibly that the reput his case so forcibly that the re-quest was granted immediately aftervards on motion of Ald, Marshall and

Ald. Marshah, in making the Ald. Marshall, in making the motion, drew attention to the fact that the County Council do not give as much as the city and the county really gets more benefit from the Fair than does the city. The grant would be given with better grace if the Society got their just share from the County Council.

Ald. Marshall, for the Finance committee reported as follows:

cause.

3. Re account A. W. Merritt, \$20, for extra attendance at the Council Chambers, we advise payment and in future all societies using the Chambers must pay these bills themselves. This clause caused considerable discussion and Mayor McKeough thought the Finance committee were too liberal in granting \$2.00 per night, as the price was too high and the rate will be high anyway.

Ald. Westman thought there should be a fixed rate of \$1.00 per night so that societies will know that this has to be paid to Mr. Merritt before the Chambers can be used. The original recommendation carried.

4. Re the city's share of the Registry Office account, \$180, we recommend be paid and in future the County Council shall advise the City Council when such expenditures are made. Re account A. W. Merritt, \$20,

The report was adopted.

Ald. Tye asked if the block pavement on King street west could not be repaired now. It could be done at a very small expenditure.

Ald. McCoig said this was in view when the estimates were put in. These estimates were cut down and now it was a question if we have enough money after the necessary work is done.

Ald. Mounteer asked if the Government's portion of the William street pavement near the Park had been paid. The Clerk promised that the matter would be attended to soon. The account was given to Mr. Stephens some time ago.

Ald. Mounteer—I didn't want it to get cold.

A petition to have the Division Court Clerk's office in Harrison Hall was received and referred to the Finance committee.

The Engineer reported against the request:
Mr. Shackelton says that Mrs. Sloan did tap into Mrs. Charles' sewer, while Mrs. Sloan claims that the outlet of her sewer is in the main sewer on the street.
Ald Tye thought that both sides should be heard, although the matter is a trivial one. He and Mr. Scullard understood that Mrs. Charles' sewer was tapped by Mrs. Sloan. The Engineer had evidently just heard one side of the question.
The Clerk—How could we make The Clerk-How could we make

Mrs. Sloan pay the money?
Ald. Scullard—We couldn't make
Mrs. Sloan pay any money, but that
does not say that Mrs. Charles might not have a claim against us. It is a mere trifle, \$10, and I think she ought to be paid, and should not be defeated on technical grounds, if she

really has a claim.

The Council gave Mrs. Sloan permission to tap the sewer, but according to the Engineer's report he tapped into the main sewer.

Ald. Marshall—It is not a matter that the Council can decide.
Ald. Westman—It is quite evident to me that Mrs. Charles is not suffering any, and I move the Engineer's report be adopted. report be adopted.

The Regiment wanted to hold a drill on Friday night. It was moonlight and the lights were not lit on the streets, but the moonlight was not sufficient to drill by. Col. Rankin thought the Council were bound to provide light.

Ald. Westman thought that the city's agreement called for light in the park whenever the lights on the street were burning, and the Colonelwould not ask the city to run the plant for the park alone.

Ald. Edmondson—That is not the Colonel's idea, and I suppose that we should give them light for their annual drills. They cannot hold regiment drills without proper light.

Ald. Piggott—I don't think the Colonel is asking too much.

Ald, Piggott-I don't think the Colonel is asking too much.
Ald. Edmondson-We should not quarrel with the regiment. We enjoy the park and if they have been under the impression that they were to have the light whenever they wanted it, the matter should be left to some committee to make an amigable settlement.

Ald. Marshall—There is Ald. Marshall—There is a resolution on the books that the Regiment should be supplied with light for their annual drills, and I suppose that is what the Colonel is asking for.

Ald. Westman — I yet believe that the Colonel would not ask us to run the largest circuit in the city if he understood the matter. He would change his nights.

| Col. Rankin explains it that the aldermen were so well entertained by another American town that when they wrote to their wives they could not address the envelopes plainly and they all went to the dead latter office, and thus their wives will not

allow them to go to an American town again.—Laughter. The communication from L. J. Marshall, asking permission to run a shooting gallery was referred to the Property committee to investigate and report on.

Ald. Mounteer moved that the G. T. R. and C. P. R. be notified to com-

plete the granolithic walks and pave-ments on Larroix St. over their tracks.—Carried.

Ald. Westman again brought the matter of Mr. Marshall's shooting

matter of Mr. Marshall's snooting gallery and moved that the Council charge Mr. Marshall a license of \$50 a year, payable monthly for the privi-lege of establishing a permanent shooting gallery in Chatham, and that

kind of an establishment.
This was carried and Mr. Westman was instructed to prepare a by-law to this effect.

The Mayor drew attention to several bad spots, in granolithic sidewalks through the city.

Ald. Edmondson asked if there was not a by-law protecting lawns and boulevards.

The Mayor—Yes.

Ald Piggott said he had previously moved that the Chief of Police act in the matter.

The clerk pointed out that the bylaw had been broken.

Ald. Edmondson—Then the people of King Street West should take action. It would be impossible to prevent driving cattle through the city

vent driving cattle through the city they ought to make the damage good.
The Mayor—That is no good. You work for months on your boulevard and a few dollars does not suffice.
The by-law should be rigidly enforced.

TREATY WITH THIBET.

Three Markets For Mutual Trading Will

London, Sept. 19.—The Times' Pek-in correspondent gives at length the text of the draft of the treaty between Thibet and Great Britain, which has been sent to Pekin by the Amban (the Chinese representative at Lhassa) and which the correspondent believes to be practically identical with the treaty actually signed, which China is almost certain to which China is almost certain to ratify. It contains a preamble and 10 articles, the most important of which bind the Thibetans to establish three marts for mutual trading between British and Thibet merchants, to allow traffic along existing routes and others which may be opened in future between India and Thibet. Thibet to have an indemnity opened in future between India and Thibet, Thibet to pay an indemnity of \$2,500,000 in yearly instalments. It is stipulated as security for the performance of the conditions of the treaty that British troops shall occupy the Chumtsi Valley for three years and until the indemnity is paid. One article provides that with-

out Great Britain's consent no Thib-etan territory shall be sold or leased to any foreign power, and no foreign power shall be permitted to concern itself with affairs of Thibet or to construct roads, railways or tele-graphs or open mines in the coun-The British Departure.
