Nickle Plated Tea Kettles

We cannot remember the time
when we had as good a lot of
teapots as the ones we have
just opened up. They certainly
are heavier than any we have
had for a long time. They are
well made, too, and the plating
is so uniformly heavy.
We know you will recognize
their superiority the moment you
see them. We have some sam-
ples in our window.
Nickle Plated Kettles, 5 to 9,

Have you seen our new line
of Bath-room fittings? They
are certainly well worth your
inspection.

A Hint For Health.
We're enthusiastic about Bu-Ju
because it does help. People give
verbal evidence every day.
It isn't the talking that convinces—
but the earnestness and the cheery
smiles of gratitude, which say more than
any words. You can't help smiling
when you get rid of pain and feel per-
fectly right. Health smiles—gratitude
prompts it.
If you must have something to right
the kidneys, use Bu-Ju. But we hope
you don't require it. You certainly
shan't after giving Bu-Ju the trial we
ask. Samples free. Get some.

of sweet sounds,

—Shakespeare

In this last of our series of what the master writers have
said about music we have quoted the familiar words of
the greatest English poet. Many times Shakespeare
has credited music with being the greatest of arts, and
in his day music had not reached the summit of its
magnificence that it has today with such instruments as
