The Grocer Dyspepsia Cure Co.

GENTLEMEN—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting.

I have been subject to severe pains in the chest, with flatulency, which have been more frequent during the past three or four years. My most distressing pain occurred in the morning, accompanied with bad breath. My case was yearly growing worse.

During this long period I have tried many popular medicines, as well as prescriptions from the regular medical profession, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine and such was its effect that I continued it until now I can drink cold water or milk without any inconvenience. These distressing pains cease and my mouth is as sweet as a baby's. In short your medicine has cured me and I am sure that all Dyspepsia can be cured by its use.
