Under the Public Highways Act and Sundry related Statutes the twenty four Municipalities were compelled to collect and pay over to the Provincial Treasurer \$329,062 in 1921 and \$354,330 in 1922; the forty Incorporated Towns \$53,041 in 1921, \$53,410 in 1922; and the two Cities \$58,290 in 1921 and \$59,529 in 1922-the three items totalling \$440,587 in 1921 and \$467,229 in 1922, well on to another half million dollars, directly out of the pockets of the people. P. A. 1921 pages 361-362, and P. A. 1922 pages 391-592.)

In addition to the foregoing there were some "Back charges" collected in 1922 and making the grand total for 1922 \$490,157.

The aggregate of all the various Pro vincial Government schemes of direct taxation amounted in 1921 to \$1,892,282 and in 1922 the total was \$2,054,906.

This is certainly quite a spread of direct taxation for a Provincial Government that publicly declares, in one of its official reports, that it does not claim or exercise the right to impose taxes.

The facts are that the Government score of years with new tax laws that they have covered the Province with Provincial Tax Gatherers; that they have taxed about everything they could think of; that they have increase nously within the last ten years; that the aggregate burden of taxation is heavy nandicapping every industry and hurt ing every citizen; and worse still, and worst of all, they have wasted the oples money in batches of hundred of housands of dollars as was proved be ond question in the investigation of he Great Provincial Highways Scanda
